**INDUSTRY VISIT TO
“ELCIA ESDC MSME CLUSTER, BENGALURU”**

Date of Visit: 05th January 2024

Industry address: S.No.7 (P) ELCIA Complex, Electronic City, West Phase, Hosur Road, Bangalore, Karnataka, India-560100

Time: 9.30AM – 3.30PM

Duration: 6 Hours

Sponsoring Bodies / Associating Organization: NA

Brief about the Industry:

Electronics City is a hub for MSME's and there is a need for strengthening this sector by providing shared infrastructure for their development. The ELCIA CLUSTER is an SPV formed by a group of ELCIA MSME's with the purpose of creating an industrial cluster under the guidelines issued by the Ministry of MSME, CDP Scheme, Govt.of India. The ELCIA CLUSTER has availed the benefits and incentives in the form of grants and financial assistance from Government of India (GoI) and the Government of Karnataka (GoK) for the formation and establishment of an MSE industrial cluster. The Ministry of MSME, GoI has adopted the cluster development approach as a key strategy for enhancing the productivity and competitiveness as well as capacity building of Micro and Small Enterprises (MSEs) and their collectives in the country. A Common Facility Centre (CFC) is set up in ELCIA Park with funding from GoK, Ministry of MSME, GoI and from its own member organizations. Most of the Small and Micro Enterprises (SMEs) lack the required infrastructure for R&D, machining, testing & calibration of products. This leads to major restrictions on productivity, compliance, and innovation. The setting up of the Common Facilities Centre (CFC) project is aimed at addressing these problems through a cluster approach.

Description of the Event:

Slot 1: ECE – A Section: 09.30AM – 11.30AM

As per the directions of Dr. Sudha P.N, Head – ECE, 3rd Semester ECE – A section students assembled in parking area at 8.35AM. The journey towards industry started at 8.45AM with students and faculty in-charge Dr. Devika B, Assistant Prof. Dept. of ECE and Mr. Naveen Kumar S, Assistant Prof. Dept. of ECE and reached cluster, at 9.20AM. Shri. Guruprasad, Managing director, ELCIA ESDC Cluster, welcomed the gathering and outlined the visit schedule. Batch 1 with 31 students were taken to electronics division where they explored on automated PCB inspection machine, Chip shooter, Multi placer, 2D AOI and many more. A Batch of 33 students i.e. Batch 2 are informed to visit mechanical plant to understand the application of electronics and programming language in CNC machine, automatic drilling and milling machine. Further, the batch students are exchanged and visited the plants accordingly. The visit ended with vote of thanks by Mr. Rajesh G.L, Chief Coordinator, IIC and reached KSIT campus at 12.30PM.

E – B Section: 11.30AM – 01.30PM

As per the directions of Dr. Sudha P.N, Head – ECE, 3rd Semester ECE – B section students assembled in parking area at 10.35AM. The journey started at 10.40AM with students and faculty in-charge Mr. Satish Kumar S, Assistant Prof. Dept. of ECE & Mrs. Bhargavi Ananth, Assistant Prof. Dept. of ECE and reached centre, at 11.20AM. Students (Batch 1 & 2) are informed to assemble at state of art seminar hall where centre team explained about visit schedule and briefed about ELCIA cluster. In the electronics plant, students explored on different types of chip inspection machines, 2D AOI, PCB machines etc. The difference between conventional, CNC machine, milling and drilling centers were explored by students when they visit the mechanical plant. The visit ended with vote of thanks by Mrs. Bhargavi Ananth and reached KSIT campus at 3.00PM.

Objectives / Key Highlights:

- Understand the insights of PCB manufacturing and inspection methods.
- Explore opportunities at ELCIA cluster.

Participant details - No. of Participants: Slot 1 – 61, Slot 2 - 54

Students (internal/external): Internal (3rd Semester – ECE) - 115

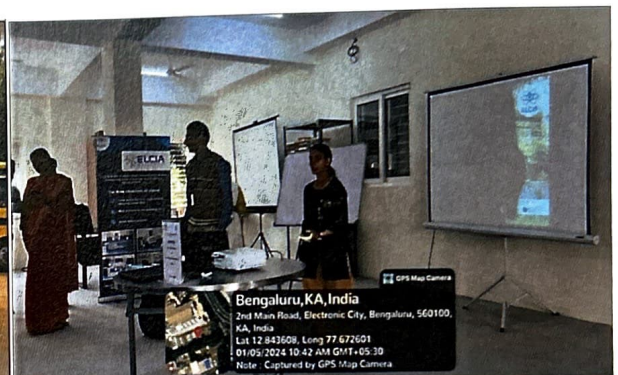

Faculty in-charge: Slot 1: Dr. Devika B & Mr. Naveen Kumar S

Slot 2: Mr. Satish Kumar S & Mrs. Bhargavi Ananth

Photos (Geo Tagged):

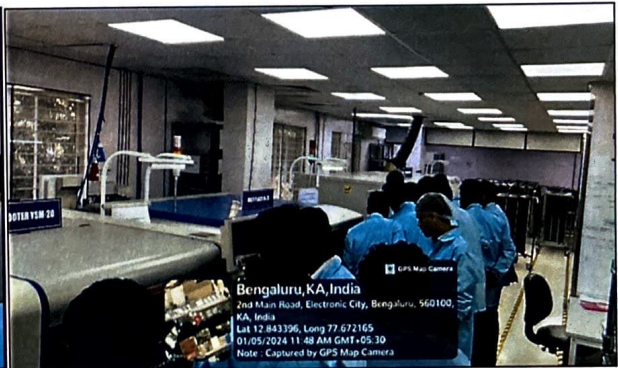

Visit to ELCIA Cluster

Team briefing about visit schedule

Electronics plant – ESDC Cluster

PCB Inspection Machine

Paste printer machine

2D AOI

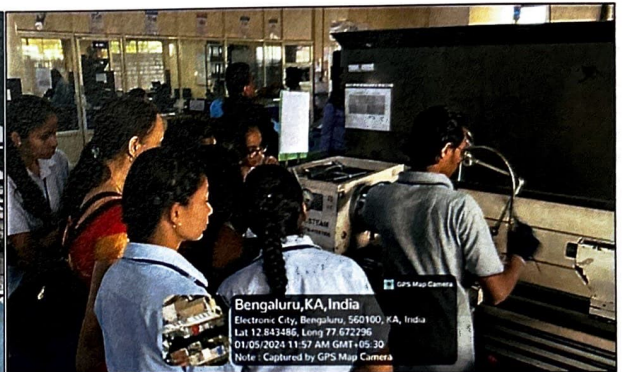

Mechanical Plant – CNC turning center

Milling and drilling machine

Samplings turned using CNC machine

Conventional lathe machine

Outcomes / Benefits:

- Students understood the purpose of chip inspection and working of CNC turning center.
- Students explored on internship/training/courses opportunities at ELCIA ESDC Cluster.

PO5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PSO2: Graduate will demonstrate the ability to design, develop solutions for Problems in Electronics and Communication Engineering using hardware and software tools with social concerns.
