

K. S. INSTITUTE OF TECHNOLOGY, BANGALORE-109

ABOUT ANTARIKSH SATELLITE CLUB

ANTARIKSH

- Antariksh, means Space, universe, and Outer space refer to the area outside the Earth's atmosphere where planets and stars are.
- Antariksh, the Satellite Club of KSIT is inaugurated on **19th of February 2020**.
- Antariksh is an active KSIT satellite club, having about **150+ enthusiastic members**.

UNISEC INDIA

- UNISEC INDIA is an organization which joins hands with us through the process of learning all about the Space and Satellite Technology.
- It has a vision to launch 75 student made satellites into the orbit by 2022, which creates more opportunity for all of us to be a part of this launch.
- It also aims towards creating a world where university students can participate in practical space projects in all the countries, by 2030.
- It provides us an overview about the satellite design services, workshops and training in the same domain.
