Description of the Event:

The **Student Enablement Program**, launched by ICT Academy in collaboration with PayPal as part of their CSR initiative, aims to enhance the technical skills of students and make them industry-ready in emerging technologies. The program is open to final year women students and graduating youth from higher education institutions in Tamil Nadu, Karnataka, and Telangana.

The key features of the program include 140 hours of training divided into 100 hours of technical skills and 40 hours of professional skills development. Additionally, Centers of Excellence for Women Empowerment and Youth Empowerment will be established in 25 colleges, empowering 2500 students and 100 faculty members with industry 4.0 skills.
Upon completion of the program, students will receive a joint certificate from PayPal and ICT Academy, and placement facilitation will be provided.

The activities of the Centres for Women Empowerment (CWE) and Youth Empowerment (CYE) include training 100 pre-final year girl students or graduating youth from higher education institutions in advanced technology courses. After the training, an online assessment will be conducted, and joint certification will be awarded. Exclusive placement drives will be organized for the participants, and annual technology hackathons will be held to showcase their skills and recognize winners. The program also aims to inspire and empower students through success stories of women leaders from PayPal and other corporates. Institutions that actively participate in the program will receive special recognition.

Overall, the Student Enablement Program aims to bridge the skill gap and meet the increasing demand for skilled professionals in emerging technologies by providing comprehensive training, industry exposure, and placement support to students, thereby empowering them for successful careers in the digital age.

Name: **JAHIRAL BANU**

Designation: **Career Coach, Image Consultant, and Soft Skills trainer**

Name: **SUSHMA SADALAGE**

Designation: **Soft Skills Trainer and International Coach**

Description of the Training:

In the Student Enablement Program, Jahiral Banu and Sushma Sadalage served as the soft skills trainers, providing a dynamic training program aimed at enhancing various essential skills such as communication, leadership, problem-solving, adaptability, and critical thinking. Their training sessions were highly interactive, involving discussions, group activities, and feedback sessions to ensure active engagement from the students.

The trainers focused on providing practical strategies and tools that students could apply in real-life situations. Practical exercises and real-world scenarios were utilized to reinforce the learning and application of these skills. Additionally, the trainers offered guidance on building resumes using Canva templates, equipping the students with the necessary tools to showcase their skills effectively.

One of the notable aspects of the training program was the lively and engaging environment created by Jahiral Banu and Sushma Sadalage. They incorporated fun and knowledge-gaining activities after explaining each soft skill, making the learning experience both enriching and enjoyable. This approach helped students remember and implement the acquired skills in their daily lives.

Overall, the soft skills training provided by Jahiral Banu and Sushma Sadalage in the Student Enablement Program proved to be a valuable addition. The program equipped the students with practical strategies, tools, and the confidence to enhance their communication, leadership, problem-solving, adaptability, and critical thinking skills. The interactive and engaging training sessions facilitated personal and professional growth, preparing the students for success in their future careers.

EXECUTIVE SUMMARY

The Student Enablement Program Initiative, implemented by ICT Academy in partnership with PayPal, is a comprehensive program specifically designed for women students in their final year of engineering, focusing on cloud computing. The program aims to empower and equip these students with the necessary skills, knowledge, and opportunities to succeed in the rapidly evolving field of cloud computing. Through a tailored curriculum, specialized training sessions, and mentorship programs, the initiative aims to enhance the technical proficiency and career readiness of women students. It also provides industry exposure and networking opportunities, bridging the gender gap and promoting diversity and inclusivity in the technology sector. Ultimately, the Student Enablement Program Initiative aims to enable women students of final year engineering to thrive in cloud computing, increasing their employability and contributing to a more inclusive and diverse tech industry.

By combining the expertise of PayPal and ICT Academy, the Student Enablement Program Initiative offers a unique and comprehensive learning experience for women students in their final year of engineering. The program is designed to address the specific challenges and opportunities in cloud computing, providing a supportive environment where women can develop their skills, gain industry exposure, and build valuable networks. Through a customized curriculum, hands-on training, mentorship, and industry collaborations, the initiative equips women students with the necessary technical knowledge and professional skills required to excel in the field. By focusing on empowering women and promoting diversity, the program contributes to a more inclusive technology industry, where women can thrive and make significant contributions in cloud computing.

ACKNOWLEDGEMENT

The successful completion of the Student Enablement Program would be incomplete without the mention of the people who made it possible and whose constant guidance crowned my effort with success.

I take this opportunity to express my sincere gratitude to our **Management** K S Institute of Technology, Bengaluru for providing the environment to conduct Student Enablement Program.

I would like to extend my gratitude to **Dr. K.V.A Balaji**, **CEO**, K.S. Group of Institutions, Bengaluru, for facilitating us to Student Enablement Program.

I would like to extend my gratitude to **Dr. Dilip Kumar K**, **Principal and Director**, K.S. Institute of Technology, Bengaluru, for providing opportunity.

I thank **Dr. Rekha B. Venkatapur**, **Professor and Head**, Department of Computer Science & Engineering, **Dr. P.N Sudha**, **Professor and Head**, Department of Electronics & Communication Engineering, and **Dr. Chanda V Reddy**, **Professor and Coordinator**, Department of Electronics & Communication Engineering, Bengaluru, for their encouragement.

I thank our Coordinators, **Mrs. Beena K**, **Assistant. Professor, Department of Computer Science & Engineering**, **Mrs. Sangeetha V**, **Asst. Professor, Department of Electronics & Communication Engineering** for their constant support and guidance.

Finally, I would like to thank all the teaching and non-teaching staff of the college for their cooperation. Moreover, I thank all my family and friends for their invaluable support and cooperation.

ABSTRACT

The Student Enablement Program Initiative, implemented by ICT Academy in partnership with PayPal, is a targeted program aimed at empowering women students in their final year of engineering with skills and opportunities in cloud computing. This initiative acknowledges the underrepresentation of women in the technology industry and seeks to bridge the gender gap by providing specialized training, mentorship, and industry exposure. Through a tailored curriculum, women students gain essential knowledge in cloud computing, preparing them for successful careers. The program also facilitates networking and internships, allowing students to connect with industry professionals and gain practical experience. By empowering women in the final year of engineering with the necessary skills and support, this initiative promotes diversity and inclusivity while contributing to a more balanced and thriving technology industry.

INTRODUCTION

1.1STUDENT ENABLEMENT PROGRAM

1.1.1 ABOUT

The world is on the brink of a new, all-encompassing revolution moving at exponential speed. We are witnessing the emergence of innovative technological trends, Industry 4.0, such as artificial intelligence, the internet of things, robotics, 3D printing, nanotechnology, and others with applications as diverse as the technologies themselves

One of the contentious points of discussion regarding Industry 4.0 is its expected effect on employment. The adoption of Industry 4.0 by Indian industries will result in increased use of automation and robots on the shop floor. There is no doubt that certain low-skilled jobs will be eliminated. However, it is expected that the adoption of industry 4.0 by companies in India will have a positive effect on the creation of jobs, requiring higher levels of skills.

With much more developments in place for emerging technologies both in government and corporate sectors across industries, there will be a huge demand for skilled manpower in these technologies. In the upcoming workforce, getting skilled in these technologies is a great challenge because of affordability.

To enhance the tech skills of the students and make them industry-ready, **ICT Academy**, as a part **of PayPal CSR initiative**, launches Student Enablement Program to train students of higher education on advanced technologies by establishing the **Centre for Women Empowerment (CWE)** and **Centre for Youth Empowerment (CYE).**

1.1.2 WHO CAN REGISTER?

- ➢ Final year women students from higher education institutions.
- ➢ Final year graduating youth from higher education institutions.

1.1.3 STATES COVERED

- ➢ Tamil Nadu
- ➢ Karnataka
- ➢ Telangana

1.1.4 KEY FEATURES

- ➢ 140 Hours of Training (100Hrs Technical skills + 40 Hrs Professional skills).

- ➢ Establishing Center of Excellence for Women Empowerment and Center of Excellence for Youth Empowerment in 25 Colleges.

- ➢ Empowering 2500 students and 100 faculty members on industry 4.0 skills.

- ➢ Joint Certificate by PayPal and ICT Academy, and Placement Facilitions.

1.1.5 ACTIVITIES OF CWE AND CYE

➤ Training 100 Pre-Final Year Girl Students/Graduating Youth from Higher Education Institutions.

➤ An online assessment will be conducted after the training and will be awarded joint certification.

➤ Exclusive placement drives for students.

➤ Annual student competitions (Technology Hackathons) for the students participating in this training and winners will be recognized

➤ To inspire and empower students through success stories of women leaders from PayPal and other Corporates.

➤ Highly participating institutions will get special recognition at the end of the program.

CHAPTER 2

TECHNICAL SKILLS

2.1 Cloud Computing

Cloud computing is the delivery of computing resources, including servers, storage, databases, networking, software, and analytics, over the internet. Instead of hosting applications or storing data on local servers or personal computers, cloud computing allows users to access these resources remotely from a cloud service provider.

Here are some key concepts and characteristics of cloud computing:

1. **On-Demand Self-Service**: Cloud computing allows users to provision and access computing resources, such as servers or storage, on-demand without the need for human interaction with the service provider.

2. **Scalability and Elasticity**: Cloud services are highly scalable, allowing users to easily adjust the amount of computing resources they consume based on their needs. This scalability is often achieved through automatic resource provisioning and dynamic allocation.

3. **Pay-as-you-go Pricing Model**: Cloud computing services typically follow a pay-as-you-go model, where users are billed based on their actual resource usage. This offers cost efficiency as users only pay for what they use, without the need for upfront infrastructure investments.

4. **Resource Pooling**: Cloud providers consolidate computing resources to serve multiple users simultaneously. This pooling allows for efficient utilization of resources and enables users to access a shared infrastructure without worrying about the underlying hardware.

5. **Broad Network Access**: Cloud services are accessible over the internet from various devices, including desktops, laptops, tablets, and smartphones. This accessibility enables users to access their applications and data from anywhere with an internet connection.

6. **Managed Services**: Cloud providers often offer a range of managed services that handle various aspects of infrastructure management. These services can include automated backups, security, database management, and monitoring, allowing users to focus more on their applications and less on infrastructure maintenance.

7. **Reliability and High Availability**: Cloud computing services are built on redundant and highly available infrastructure. This ensures that applications and data hosted in the cloud can remain accessible even in the event of hardware failures or disruptions.

8. **Flexibility and Agility**: Cloud computing provides organizations with the flexibility to rapidly deploy and scale applications and services. It enables faster time-to-market for new products and allows for agile development and testing processes.

Cloud computing offers several deployment models:

- Public Cloud: Resources are shared among multiple customers on a shared infrastructure owned and managed by a cloud service provider (e.g., AWS, Microsoft Azure, Google Cloud Platform).

- Private Cloud: Computing resources are dedicated to a single organization and can be managed internally or by a third-party provider. Private clouds provide greater control and security but require additional infrastructure and maintenance.

- Hybrid Cloud: Combines both public and private cloud environments, allowing organizations to leverage the benefits of both. It enables the flexibility to move workloads between public and private clouds based on requirements.

Cloud computing has transformed the way organizations and individuals consume and deliver IT services. It offers scalability, flexibility, cost efficiency, and access to advanced technologies, empowering businesses to innovate and scale rapidly without the burden of managing complex infrastructure.

2.2 Amazon Web Services

AWS (Amazon Web Services) provides a wide range of cloud services across various domains. Here is an overview of some of the key services offered by AWS:

1. Compute Services:

- Amazon EC2: Virtual servers in the cloud, offering scalable compute capacity.
- AWS Lambda: Serverless computing service to run code without managing servers.

2. Storage and Content Delivery:

- Amazon S3: Scalable object storage for storing and retrieving data.
- Amazon EBS: Persistent block-level storage for EC2 instances.
- Amazon Glacier: Low-cost archival storage for infrequently accessed data.
- Amazon CloudFront: Global content delivery network for low-latency content delivery.

3. Database Services:

- Amazon RDS: Managed relational database service supporting multiple database engines.
- Amazon DynamoDB: Fully managed NoSQL database service.
- Amazon Aurora: High-performance relational database compatible with MySQL and   PostgreSQL.
- Amazon Redshift: Fully managed data warehousing service for analytics.

4. Networking and Content Delivery:

- Amazon VPC: Virtual private cloud for creating isolated virtual networks.
- Amazon Route 53: Scalable domain name system (DNS) web service.
- AWS Direct Connect: Dedicated network connection between on-premises and AWS.

5. Analytics and Big Data:

- Amazon EMR: Managed big data processing service using frameworks like Apache Hadoop and Spark.
- Amazon Athena: Interactive query service for analyzing data in Amazon S3.
- Amazon Kinesis: Real-time streaming data processing service.
- Amazon QuickSight: Business intelligence and data visualization service.

6. Artificial Intelligence and Machine Learning:

- Amazon Rekognition: Image and video analysis service.
- Amazon Polly: Text-to-speech service.
- Amazon SageMaker: Fully managed platform for building, training, and deploying machine learning models.

7. Security, Identity, and Compliance:

- AWS IAM: Identity and access management for controlling access to AWS resources.
- AWS Key Management Service (KMS): Managed service for creating and controlling encryption keys.
- AWS Shield: DDoS protection service.
- AWS Secrets Manager: Securely store and manage secrets such as API keys and database passwords.

8. Management Tools:

- AWS Management Console: Web-based user interface for managing AWS services.
- AWS CloudFormation: Infrastructure as Code service for provisioning and managing resources.
- Amazon CloudWatch: Monitoring and observability service.
- AWS Systems Manager: Centralized management and automation of AWS resources.

This list represents just a fraction of the services available on AWS. AWS continues to expand its service offerings and regularly introduces new services to meet the evolving needs of its customers.

2.3 TECHNICAL SKILLS TRAINING

The **Student Enablement program** conducted a 15-day technical training held from **20th March 2023 to 5th April 2023** on AWS cloud computing for 100 female students, divided into two groups of 50 students each. The training took place at K.S. Institute of Technology in both the CP Lab and the Online Lab, with training hours from 9:00 AM to 4:00 PM.

In the CP Lab, the students were guided by **Ashu Dev** sir, a cloud architect with extensive teaching experience. The training sessions were hands-on, allowing the students to explore various aspects of cloud computing in the AWS console. Ashu Dev sir not only imparted technical knowledge but also motivated the students in their personal and professional development through his own experiences. He provided individual attention and assisted the students in debugging errors, ensuring a comprehensive understanding of the subject matter. Additionally, he organized a competition where students used provided AWS icons to build a cloud architecture. After discussing the projects with other faculty members, he declared 8 students as winners and awarded them AWS 50% exam coupons.

In the Online Lab, the students were guided by **Madhan S** sir, who had good interaction with the students and provided comprehensive training on cloud architecture. He motivated the students to solve problems and encouraged them to build their own cloud architectures.

The experience of working with both mentors was highly beneficial for the students, as they received guidance and support in building their career paths. The mentors not only provided technical knowledge but also motivated and inspired the students to excel in their personal and professional lives.

Overall, the student enablement program provided valuable hands-on training, mentorship, and motivation to the female students, empowering them to enhance their skills in AWS cloud computing and pursue successful careers in the field.

CHAPTER 3

Professional skills

Developing a diverse set of professional skills can greatly enhance your career prospects and contribute to your personal and professional growth. Here are some essential professional skills that are highly valued in various industries:

1. **Communication Skills**: Strong communication skills, both written and verbal, are essential in almost every professional role. Effective communication allows you to express ideas clearly, listen actively, collaborate with others, and convey information in a concise and professional manner.

2. **Critical Thinking and Problem Solving**: Critical thinking involves analyzing and evaluating information to make informed decisions and solve complex problems. It requires logical reasoning, creativity, and the ability to consider multiple perspectives and potential solutions.

3. **Teamwork and Collaboration**: The ability to work well with others and collaborate in a team environment is crucial. This includes demonstrating interpersonal skills, actively contributing to group efforts, and respecting diverse opinions and ideas.

4. **Adaptability and Flexibility**: In today's fast-paced and ever-changing work environment, adaptability is essential. Being open to new ideas, embracing change, and quickly adjusting to shifting priorities and circumstances can help you thrive in dynamic workplaces.

5. **Leadership Skills**: Leadership skills go beyond holding managerial positions. They involve taking initiative, inspiring and motivating others, delegating tasks effectively, and demonstrating decision-making abilities. Effective leaders also possess good emotional intelligence and can resolve conflicts and provide guidance.

6. **Organizational and Time Management**: Strong organizational skills enable you to manage multiple tasks, prioritize work, and meet deadlines. Being able to plan and schedule activities efficiently, maintain focus, and stay organized can significantly increase productivity.

7. **Digital Literacy and Technology Skills**: Proficiency in using digital tools, software, and technology relevant to your field is increasingly important. This includes skills in data analysis, programming, using productivity software, and adapting to new technologies.

8. **Continuous Learning**: The willingness to learn and adapt to new information and developments in your industry is vital. This includes actively seeking opportunities for professional development, staying updated on industry trends, and pursuing further education or certifications.

9. **Interpersonal Skills and Emotional Intelligence**: Interpersonal skills involve the ability to build and maintain positive relationships, empathize with others, resolve conflicts, and exhibit professionalism and emotional intelligence in interactions with colleagues, clients, and stakeholders.

10. **Project Management Skills**: The ability to plan, execute, and manage projects efficiently is highly valuable. This includes skills in setting goals, defining project scope, allocating resources, managing budgets, and ensuring timely delivery.

Remember that these skills are not mutually exclusive, and many of them overlap or complement each other. Developing a well-rounded set of professional skills can help us navigate various situations and contribute to our overall success and career advancement. Continuously honing and expanding our skill set will benefit us throughout our professional journey.

SOFT SKILLS TRAINING

In the **Student Enablement Program**, the final 5 days of the training focused on **soft skills** development held from **10th April 2023 to 15th April 2023**. This portion of the program was facilitated by **Jahiral Banu**, a career coach, image consultant, and soft skills trainer, along with **Sushma Sadalage**, a soft skills trainer and international coach. Their dynamic training program aimed to provide practical strategies and tools to enhance various essential skills such as communication, leadership, problem-solving, adaptability, and critical thinking.

The training sessions were highly interactive, involving discussions, group activities, and feedback sessions to ensure active engagement from the students. Additionally, students were provided with practical exercises, real-world scenarios, and guidance on building their resumes using Canva templates. The trainers made sure to create a lively and engaging environment, incorporating fun and knowledge-gaining activities after explaining each soft skill. This approach not only made the training experience enriching but also helped students remember and implement the acquired skills in their daily lives.

Overall, the soft skills training portion of the Student Enablement Program was a valuable addition, equipping the students with practical strategies and tools to enhance their communication, leadership, problem-solving, adaptability, and critical thinking skills. The interactive and engaging nature of the training, facilitated by Jahiral Banu and Sushma Sadalage, ensured that students had a memorable and impactful learning experience, fostering their personal and professional growth.

CHAPTER 5
CONCLUSION

The Student Enablement Program Initiative, implemented by ICT Academy in collaboration with PayPal, is a commendable effort to empower women students in their final year of engineering in the field of cloud computing. By providing a specialized curriculum, targeted training, mentorship, and industry exposure, the program equips women students with the necessary skills, knowledge, and opportunities to excel in the technology sector. The initiative addresses the gender gap by promoting diversity and inclusivity, enabling women to thrive in a traditionally male-dominated industry. By fostering a supportive environment and creating pathways to success, the program not only enhances the employability and career prospects of women students but also contributes to a more balanced and innovative technology industry.

Overall, the Student Enablement Program Initiative serves as a crucial stepping stone for women students in their final year of engineering, empowering them to become leaders and change-makers in the field of cloud computing. By bridging the gender gap and providing tailored support, the program promotes equal opportunities and encourages women to pursue and succeed in technology careers. Through this initiative, PayPal and ICT Academy are making a significant contribution towards building a more diverse, inclusive, and thriving technology industry, where women's voices and talents are recognized and valued.

Report of the Technical Training Program from 8th May-19th May(10 Days)

Topic Coverage and Placement Specific MCQs, Pseudocodes and Coding Programs

Our team has successfully completed Hands-On sessions for the following topics along with pseudo codes and company-specific programming questions during the course duration:

1. Introduction to OOPs
   - Covered OOPs concepts and compared procedural languages with OOPs.
   - Discussed the applications of OOPs.

2. Introduction About Java
   - Provided an overview of the history and editions of Java.
   - Explained the features, advantages, and keywords in Java.
   - Assisted students in setting up the execution path for Java programs.

3. Class and Objects
   - Covered constructors and demonstrated how to create objects.
   - Explained how to access member variables and methods of a class.
   - Conducted scenario-based programs to reinforce the understanding of operators.

4. Control Statements
   - Discussed decision-making statements, including if, if-else, nested if-else, and switch statements.
   - Covered loop statements such as do-while, while, for, and for-each loops.
   - Provided programs with scenarios and puzzles to enhance the understanding of control statements.

5. Jump Statements and Arrays
   - Explained the usage of break and continue statements.
   - Covered array declaration, 1-D and multi-dimensional arrays, and methods in the Arrays class.
   - Conducted puzzle-based programs to strengthen the concepts of arrays.

6. Java Integer and Character Classes
   - Covered various methods of the Integer class, such as valueOf(), min(), max(), and toString().
   - Explained methods of the Character class, including isLetter(), isDigit(), toUpperCase(), and toLowerCase().
   - Conducted exercises to toggle strings using the Character class.

7. Java String and String Builder/Buffer
   - Covered string declaration types, methods of the String class like length(), replaceAll(), and substring().
   - Discussed the usage of StringBuilder and StringBuffer classes, including the reverse() method.

8. Methods, Polymorphism, and Special Keywords
   - Explained predefined and user-defined methods, along with their types and command line arguments.
   - Covered method overloading, static and this keywords.
   - Discussed project planning and design phase.

9. Access Modifiers, Inheritance, and Abstraction

- Covered access modifiers: public, private, protected, and default.
- Explained single, multiple, hierarchical, and hybrid inheritance, method overriding, and the final and super keywords.
- Provided an introduction to abstract classes and interfaces.

10. Exception Handling, File Handling & I/O, and Threads
- Covered try-catch-finally blocks, throw and throws keywords, and user-defined exceptions.
- Explained file reading and writing operations in Java and introduced multi-threading mechanism.

11. Collections, Interview Specific Programs, and Technical Interview Insights
- Covered collection interface including List, Set, and Map.
- Discussed specific programs and insights related to technical interviews.

Placement Drive Programs:
- Discussed pseudocodes on a daily basis based on the topic coverage and difficulty. company-specific programming questions to prepare students for interviews.
- Assisted students in gaining insights into technical interviews and enhancing their problem-solving skills.

Overall, the course covered a wide range of topics, including basic and advanced concepts of Java programming. The students were exposed to practical scenarios, exercises, and placement drive programs to strengthen their programming skills and prepare them for future opportunities.

Please find the detailed syllabus attached at the end of this report which was rendered during the start of the training.

Thank you.

Semester:	3rd Semester
Event Type:	Internship program
Event Name:	**Object Oriented Programming with C++ and Fourth Generation Technologies**
Date/Duration:	From 17-10 -22 to 21-10-22
No. of Students:	67
Resource Person:	Dr Deepa S R(HOD of CSD) Dr Vaneetha M(HOD of AI/ML) Prof Sahana Sharma Prof Anu Mathews Prof Sushma A Prof Amulyashree S
Online link/Offline:	Offline

Event Objectives:

1) To make students understand the concepts of object oriented programming paradigm.

2) To make students to learn to do Hands-on programs and   to work with IDE.

3) To make students to know emerging technologies .

Event description with pictures:

The programme began with Dr Deepa S R (HOD of CS&D) addressing students of 3rd SEM CS&D, provided students knowledge and importance of learning programming languages.

 Then session was continued by Prof Sushma A (faculty of CS&D dept) with the introduction of C++. C++ was taught for 3 days with the forenoon sessions being theory and afternoon sessions   with Prof Amulyashree hands-on to make students aware of IDE to design and develop programs on C++

On forth day i.e of intership programme

i)Dr Vaneetha M (HOD of AI&ML)gave technical talk on Introduction to big data analytics,cyber security and blockchain

ii)Dr Deepa S R(HOD of CS&D) gave technical talk on Artificial intelligence and machine learning.

iii)Prof Anu Mathews gave technical talk on applications of machine learning in web mining and

iv)Prof Sahana Sharma gave technical talk on applications of deep learning.

Report on

"Internship Program on Object Oriented Programming with Java"

Semester:	3rd Semester
Event Type:	Internship Training Program
Venue:	K.S.Institute of Technology
Event Name:	Internship Program on Object Oriented Programming with Java
Date/Duration:	17/10/2022 to 21/10/2022, 5 days
No. of Students:	117
Online link/Offline:	Offline

Event Objectives

- Importance of Java in real world applications.
- Understand fundamentals of object-oriented programming in Java with hands on experience.
- Enrich student Skill Set.

Description of the Event

Trained students by giving informative theory sessions followed by Hands-on session each day.

On the First day, explained basic concepts of Java like creating new project, creating new classes, data types. Hands-on training was given on installing JDK file and installation of Eclipse software.
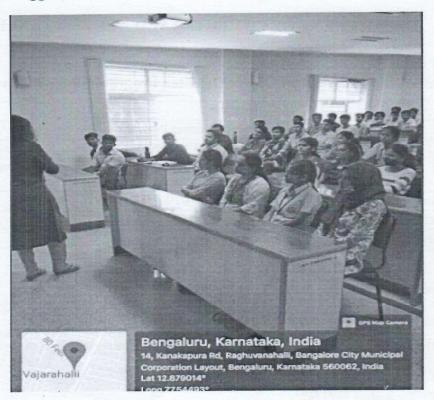

On the second day explained the concepts of Conditional statements, Decision making statements and Arrays. Hands on training were given to execute programs based on the above mentioned topics.

On the third day, explained Classes, Objects and Constructors. Hands-on training was given parallel to the theory session.

On the Fourth day explained about Abstract classes and Interface with hands-on training on the same.

On the final day, explained about Exceptions and Multithreading in Java. Hands-on training was given parallel to the theory session.

Outcomes / Benefits:

- Understand the real time applications of java and implement projects.
- Ability to write the programs and debug the errors.

PO2: Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

Venue: New Block Ground Floor Conference Hall, KSIT

Delivered By: DEPARTMENT OF MATHEMATICS FACULTY MEMBERS

Dr. Jalaja P, Associate professor, Department of Mathematics, gave orientation to the first year students. She explained students about mathematics and its application in various fields. She gave knowledge about why Mathematics is important for engineering students of different engineering branches. She shared few essential tips with the students on how they can improve their skills on solving problems. Meanwhile Department of mathematics faculties conducted quiz to test the IQ level of the students and distributed prizes for the winners, after that we played few videos to inspire students how mathematics plays important role in day to day life.

Finally speaker inspired all first year students and gave few tips to improve their Knowledge in mathematics and the Program completed in a positive way with question and answer session.

ORIENTATION FROM DEPARTMENT OF PHYSICS

Date: 01.12.2022

Time: 8.30 AM – 10.00 AM (Branch - AIML, IOT & CS & D)

Venue: New Block First Floor Seminar Hall, KSIT

Date: 02.12.2022

Time: 10.30 AM – 12.00 PM (Branch - ECE, CCE & ME)

Venue: New Block Ground Floor Seminar Hall, KSIT

Delivered By: **DEPARTMENT OF PHYSICS FACULTY MEMBERS**

This orientation program was conducted by Physics faculty members Prof. Sunil Kumar N, Prof. Renuka C, Prof. Madhavi S and Prof. Kavya T N for first year students on the above said dates and time. The session was initiated with the brief introduction about the college, vision and mission of the college, introduction of the faculty members, technical and non-technical staff of physics department. The core of the session includes introduction of physics, physics course goals, engineering branches of physics and importance of physics in everyday life. The session winded up by asking some general and interesting physics questions to students where they interacted very well.

ORIENTATION FROM DEPARTMENT OF CHEMISTRY

Date: 01.12.2022

Time: 8.30 AM – 10.00 AM (Branch - ECE, CCE & ME)

Venue: New Block Ground Floor Seminar Hall, KSIT

Time: 1.30 PM – 3.00 PM (Branch - CSE)

Venue: New Block Ground Floor Conference Hall, KSIT

Date: 02.12.2022

Time: 1.30 PM – 3.00 PM (Branch –AIML IOT & CS & D)

Venue: New Block First Floor Seminar Hall, KSIT

Delivered By: DEPARTMENT OF CHEMISTRY FACULTIES

Dr. Kiran Kumar S.R, Assistant professor, Department of Chemistry, holds a PhD from Kuvempu University and has more than 14 years of teaching experience. He gave orientation to the first-year students. He explained students about Chemistry and its applications in various fields, safety rules to be followed in chemistry lab. He gave knowledge about why chemistry is important for engineering students of different branches like civil engineering, mechanical engineering, Aeronautical engineering, computer science engineering and computer science and design. He also explained why research is important for Engineers. He gave information about nanotechnology, different uses of nanotechnology. He shared few essential tips with the students on how they can start their research and showcase their talents, by providing few essential links through the student can be benefited either by getting required materials to carry out their research. All this has inspired many students to start research on some topic and explore the knowledge.

Before ending the session,the faculty of chemistry department conducting small quiz competition for the first-year students about basic chemistry concepts and distributes the small gratitude for the winners. Finally, students are very happy and interacted very well throughout the session and learnt the important aspects of chemistry in curriculum aspect as well importance of chemistry in our daily life.

ORIENTATION ON NATIONAL EDUCATION POLICY(NEP)

Venue: New Block Ground Floor Seminar Hall, KSIT
Date: 06.12.2022
Time: 1.30 PM – 3.00 PM (Branch - CSE)
Venue: New Block Ground Floor Conference Hall, KSIT

Delivered By: DEPARTMENT OF CSE, CS&D and AI ML

The talk on CSI/BITES/HACKATHON was attended by first year students with the objectives to gain insights about various professional bodies in the college.

Speaker Dr Deepa S R introduced about CSI professional body.CSI is a non-profit professional society and meet to exchange views and information, learn and share ideas. Students can get Technology updates through Conferences, Seminars, Tutorials & workshop at discounted rates.

Speaker Dr Vaneeta M briefed about (BITES)Board for IT Education Standards is a non-profit Society set up by the Karnataka Government, in association with IT industries and educational institutions, to enhance the quality of IT education and help build quality manpower for the IT industry. It Promote excellence and enhance quality of education.

Speaker Mrs Beena K shared the views about how to start thinking to formulate ideas in Hackathons. She gave insights about few domains where solutions can be given for real world problems by the students. She briefed about students winning at KSIT in Smart India Hackathon, Toycathon and Manthan. She did interact with students, ask them to focus on innovation and creativity in their thinking. The talk was informative and created motivation in students to participate in Hackathons.

INTRODUCTION TO IETE STUDENTS FORUM (ISF)

Delivered by: Dr. Dinesh Kumar D S, IETE Coordinator, Dept of ECE, KSIT

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT, founded in 1953.It concentrates on the facilitation of the exchange of information among fields which have helped many economies worldwide. It is an institute of eminence by the Government of India and has51centers located all over the country. IETE strives to keep up with the changing times and new technological advancements and does so by keeping all those involved informed about the same.

Objectives of ISF:

- Improving standard of Engineering Education
- Counselling the students in the emerging new opportunities
- Encouraging and motivating the outside Classroom studies/Workshops/projects/Seminars
- Increasing the student base and corporate membership of IETE.

ORIENTATION FROM PROFESSIONAL BODIES (IEI)

Delivered by: Mr. RANGANATH R

ISTE KSIT in association with Department of Electronics and Communication organized IEEE Mega event "INDUCTION PROGRAMME" on 1st ,2nd and 6th December 2022.

The students were motivated by the Mrs Sangeeta V, faculty in charge of the ISTE. The students were enlightened with the importance and benefits of joining ISTE student body of KSIT and regarding the various advantages brought about as an ISTE member. The students were given a brief idea about all the previous achievements made by the students. As ISTE is considered a globally recognized organization , plenty of students made their initiation to join for the same.

IEEE KSIT, WIE KSIT and SPS KSIT in association with Department of Electronics and Communication organized IEEE Mega event "INDUCTION PROGRAMME" on 1st ,2nd and 6th December 2022.

The panel consisted of execom members and the office bearers who addressed all the students and enlightened them about the importance and benefits of joining the IEEE. The panel also conducted an IEEE membership drive and hence was successfully able to motivate the students to become a member of the IEEE family. Post the panel discussion was followed by an eyes breaking session along with a non technical event such as the crosswords and the connections. Crosswords are where the students were instructed to form a meaningful word with the clues given. Connections are where the students are instructed to create a name of movie by connecting the pictures displayed on the screen. The winners and the runner ups were awarded with goodies as a token of appreciation and motivation.
