Report on One day Symposium On "Future of Work" Organized by PES University in association with BITES

Date: 5th January 2019

Venue: PES University, Bengaluru -560085

Scope and Objectives:

 The Future of Work presents a daunting landscape. It's a scenic route dotted with technologies like automation, Al and robotics that is determining how we work. And meandering into Gig economy where everyone works-virtually.

Topic coverage (Day and Schedule wise):

On 5/01/2019, Saturday

Workshop was inaugurated by Dr. Vijay Kumar, Dean, PES University, guest of honor Shri. Raghu K Tallam, Executive Director, EY, Pro Chancellor Dr Jawahar and Vice Chancellor Dr K N Murthy, PES University

Morning Session

Session I: Mr Raghu K Tallam Executive Director, EY gave a talk on Future workplace: The shape of things to come

Session II: Mr Zubura gave a talk on The Fintech juggernaut-Will the Bankers disappear.

Session III: Mr Prashanth, Director, Tech Mahindra gave a talk on Industry 4.0 - Will Robots rule the roost.

Session IV: Dr. Sunita Maheshwari gave a talk on Medical Automation-Will Doctors lose their jobs to Al.

Session V: Mr Manu, HSBC gave a talk on Digitalization-Disrupting Human Capital Management.

Session VI: Sushma Rajagopalan CEO/MD, ITC Infotech Gave a talk on Unscrambling IT businesses-what to look forward.

Feed back/opinion about this Workshop:

At the end of one day workshop, we were able to understand

DEPARTMENT OF TELECOMMUNICATION ENGINEERING

Report - one day Workshop on "Outcome Based Education"

Date: 1st February 2019 Venue: Seminar Hall, Dr. Ambedkar Institute of Technology

Workshop Organizers: Principal, Dr AIT & Quiklrn team

Outcome Based Education: An Overview

All higher education programs in India have been undergoing major changes since 2015. The most important change is the shift to student centricity. Learning is defined and measured in terms of what the students should be able to do at the end of a course or a program. They are called Outcomes. When education is designed in terms of outcomes, conducted to facilitate the learners to attain the stated outcomes, and measure the attainment of outcomes, it is called Outcome Based I ducation, in short OBE.

Accreditation is process of assessing a higher education program or an institution with respect to a set of criteria. National Board of Accreditation (NBA) is the agency that defines the Accreditation process and arranges for Accreditation of engineering programs. National Assessment and Accreditation Council (NAAC) defines and arranges for Accreditation of Institutions.

Teachers of engineering institutions have to facilitate most, if not all activities that lead to good learning. When the number of dimensions becomes large, the quality can suffer. It is for this reason that all teachers should educate themselves on all the teaching-learning processes in the framework provided by NBA that are based on well accepted pedagogical and instructional design theories.

This presentation is an introduction to enabling engineering teachers to facilitate their students to become good engineers at the time of graduation. Good engineers are defined in terms of Program Outcomes identified by NBA. It also provides an overview of the processes and methods to writing good course outcomes and measure the attainment of the outcomes.
