## Experience Certificate CloudFabrica Technologies Pvt. Ltd.

Date: August 6<sup>th</sup>, 2019

Dear Abhishek M,

### **Congratulations!**

We would like to take this opportunity to commend you on the successful completion of your project under the guidance of Prashant Singh (Product Management).

As a **Software Developer (intern)** your role in this project was to research and contribute towards developing a functional prototype for our SAAS product code-named as G56 (Copyright Pending).

**Prashant** has shared the following feedback for you with us

- A team player with positive attitude and willingness to go the extra mile.
- Abhishek has contributed immensely with product workflow planning and developing the product prototype.
- Great knowledge of backend development and creating APIs along with writing clean code.
- Good at creating and maintaining project documentation for the product management team.

This letter certifies that **Abhishek M**, have completed his internship with **CloudFabrica Technologies Private Limited**. This also confirms Abhishek's employment in a **Software Developer (intern)** capacity from **July 5<sup>th</sup>, 2019 to August 5<sup>th</sup>, 2019**.

**NOTE:** Due to the policy of our organization we can't be sharing the details of our product and IP over this letter. Please contact us at [contact@cloudfabrica.com](mailto:contact@cloudfabrica.com) for any queries in future.

## INTERNSHIP CERTIFICATE

This is to certify that **Ms. Pooja Sreedhara Murthy**, pursuing her B.E. in Computer Science and Engineering from K.S. Institute of Technology, has successfully completed a Data Science internship course with Scentora from **8th July, 2019** to **9th August, 2019** in Bengaluru, India.

During the course of this internship, Pooja handled the analysis of customer / user behaviour from two weeks' worth of data to determine the probability of returning customers and also to classify potential customers into different categories.

Pooja has used linear regression, probability determination and statistical methods to achieve this goal. She has demonstrated the results of the analysis to the Scentora team through a short simulation that used Python and sklearn.

She has exceeded expectations and earned her place in Scentora's team.

We thank her for her efforts and wish her all the best for her future endeavours.

Regards,

This is to certify that **Mr. ROHIT KUMAR B R**, has successfully completed the internship program from 04 July 2019 to 04 August 2019 at **CoLeague solutions private limited** in IoT with practical orientation in the following

**Sketch programming, Arduino Uno, Bluetooth module,  
Interfacing and programming**

His conduct and discipline through this period was very good.

For CoLeague solutions Pvt Ltd

A handwritten signature in black ink, appearing to read "Vijay Chelvan", is written over the CoLeague Solutions logo.

Authorized signatory

Date: 27 August 2019

To whom it may concern,

This is to certify that Shravan Bhat has completed an internship at Fabrik by Augtual Reality Labs Pvt. Ltd. as a JavaScript Developer. The internship start date was 4th July 2019 and end date was 10th August 2019.

During this period, Shravan worked on AR/VR development and successfully met the objectives set at the beginning of the projects.

For (FABRIK)  
AUGTUAL REALITY LABS PVT. LTD.,

A handwritten signature in black ink, appearing to be 'P. Bhat', written over the word 'Director'.

Authorized Signature

## Certificate of Appreciation

### Certificate of Experience G1 Technologies for Ms. Akhila N

To whom it may concern:

This is to certify that Ms. Akhila N from K.S. Institute of Technology completed her Web development internship from 05-July-2019 to 04-Aug-2019 under the guidance of Mrs. Sowmya B.R.

We have found her to be self-motivated, duty bound and hardworking. She worked sincerely on her assignments. Akhila N has done an excellent job in this position and is an asset to our organization during her tenure with office. She has excellent communication skills, is extremely organized, can work independently and is able to follow through to ensure that the job gets done.

During her current tenure with G1 technologies, Akhila N effectively worked on CMS ( Timetable generation) . The technologies he used for development included PHP,MySQL,HTML5,CSS3 and AJAX.

Ms.Akhila N is always willing to offer her assistance and has an excellent rapport. Ms.Akhila N would be an asset to any employer and we recommend her for any endeavour she chooses to pursue.

We wish her best of luck with her future endeavours.

**TO WHOM IT MAY CONCERN**

This is to certify that Ms. S. Shwetha , has worked with us from July 04, 2019 - Aug 04, 2019, at Jaaga Startup LLP as a Jr. Electronics Engineer - Intern.

Primary Roles and Responsibilities:

- Support on integration and testing for product prototypes as assigned by her manager at Jaaga Labs
- Provide research inputs on various technical aspects of developing products
- Assist on firmware development on projects as assigned by her manager at Jaaga Labs

We found her sincere, hardworking and technically sound and result oriented. She worked well as a part of a team during her tenure. We take this opportunity to thank her and wish her all the best for her future.

Thank you,

FOR JAAGA STARTUP LLP

# Industrial Visit Report

## Indian Space Research Organization - 10<sup>th</sup> October 2018

Indian Space Research Organization was formed in 1969. Throughout the years, ISRO has upheld its mission of bringing space to the service of the common man, to the service of the Nation. In the process, it has become one of the six largest space agencies in the world.

ISRO maintains one of the largest fleet of communication satellites (INSAT) and remote sensing (IRS) satellites, that cater to the ever growing demand for fast and reliable communication and earth observation respectively. ISRO develops and delivers application specific satellite products and tools to the Nation.

*Various satellite Models for display at ISRO*

To achieve complete self reliance in terms of these applications, it was essential to develop cost efficient and reliable launch systems, which took shape in the form of the Polar Satellite Launch Vehicle (PSLV). The Geosynchronous Satellite Launch Vehicle (GSLV) was developed keeping in mind the heavier and more demanding Geosynchronous communication satellites. Apart from technological capability, ISRO has also contributed to science and science education in the country.

Future readiness is the key to maintaining an edge in technology and ISRO endeavor's to optimize and enhance its technologies as the needs and ambitions of the country evolve.

Department of Telecommunication Engineering had arranged an Industrial visit to Indian Space Research Organization, for its 3<sup>rd</sup> and 5<sup>th</sup> semester students.

*Clean room in ISRO*

Students were lucky enough to get exposed to such an environment where they could learn about various Satellite Launching vehicles and Space technology. They got to physically see the Clean room, where the satellites are designed and also they saw the satellite processing unit testing rooms.

*3<sup>rd</sup> Semester students visit to ISRO*

*5<sup>th</sup> Semester students visit to ISRO*

The students view regarding visit to ISRO is summarized below.

**STUDENTS VIEW:**

Visit to ISRO was informative. It increased our knowledge about space technology, and also got to know more about PSLV (Polar Satellite Launch Vehicle), GSLV (Geo Satellite Launch Vehicle).

This visit made us more curious to gain more and more knowledge about different launching vehicles and their design. We got to know about job opportunities in the field of Space Technology and ISRO. This visit surely sparked the desire within us to work in such organizations.

## HAL Heritage Centre and Aerospace Museum- 21<sup>st</sup> March 2019

Hindustan Aeronautics Limited (HAL) Heritage Centre and Aerospace Museum, the first of its kind in India was established in the year 2001 at HAL Airport Road.

The Museum is a repertoire of knowledge for the academically minded as it houses a library on Aerospace and traces the development of the industry's exciting phases since 1940. The Museum has got the prized possession of various types of Aircraft models on static display.

There is also an ATC Radar perched with L-band surveillance radar having a range of 200 nautical miles which rotates at a speed of 3-4 RPM, with the frequency of 1250-1350 MHz. In addition, PSLV model and PSLV Heat shield are displayed to give a glimpse of forays made by the country in the space technology. There is a true motion simulator to accentuate the user experience by giving a very realistic feel of flying fighter jets and commercial aircrafts.

Apart from this, an Orchidarium, herbal garden, children's play area, a Souvenir shop and a sustainability development park are the added attractions in the campus. The sustainability park aims to educate visitors and students by displaying working models of solar systems, bio-gas plant and hybrid wind mills.

*4<sup>th</sup> Semester students at HAL Heritage Center and Aerospace Museum*

The students view regarding visit to HAL Heritage Center and Aerospace Museum is summarized below.

Visit to HAL Heritage Center and Aerospace museum was informative. It increased our knowledge about different aircraft, solar power generator, orchidarium and also got to know more about PSLV (Polar Satellite Launch Vehicle) and RADAR (Radio Detection & Ranging) models and motion simulator. This visit made us more curious to gain more and more knowledge about different aircrafts and their design. We got to know about various scientists & politicians who visited HAL aircraft manufacturing wing during past few decades. It would have been still more interesting if there were guides to explain the models in detail.
