TRAINING REPORT

K.S. Institute of Technology 1st year Engineering Students Training

www.tsfinpire.com

Introduction:

A 5 Day Training was conducted for all students studying in the 1st year of Engineering across all departments. The training was executed by THE SKILL FACTORY and focused on enabling the behavioural and soft skills for the students.

Mode of Training:

Class room training along with group activities to enable the learning process. The training was conducted in the premises of K.S.I.T Bangalore.

Training Time Period:

27th June 2022 to 01st July 2022- Full day Training

3. Career Management

A career is important for any professional and build habits early in their life to ensure they can maintain focus. Tools for career management are important in order to start practicing through their engineering course time. Key concepts covered:

- The difference between job/work and career
- Analyse key careers and the differentiators in real life
- Build Commitment, Curiosity and Perseverance to achieve career goals

4. Change Management

Change being the only constant aspect in life, recognising them early and building an adaptive mindset helps in not just being successful in the engineering course but also enable tangible outcomes through practical experience. Key concepts covered:

- The reasons for resistance to change
- The Change process and techniques to adapt
- Group activity on enabling change through real life scenarios

5. Conflict Management

Conflicts are essentially a regular phenomenon of any professional. Identifying and being able to resolve conflicts based on end goal in mind provides clarity and progress for people. This skill is imperative to ensure students develop a mindset to face and solve conflicts.

- The nature and reasons for conflict
- Different conflict management techniques
- The art of being outcome focused than problem focused

6. Creativity Skills

Being able to think out of the box is an important requirement in the professional environment thereby solving problems. Being able to bring out creativity to solve problems enhances the confidence of students and makes them agile.

- The importance of creative self
- Barriers to Creative thinking
- Building practices that facilitate creative thinking

11. Presentation Skills

The current day professional development involves extensive presentation that demonstrates ones communication and thinking capabilities. These skills focus on the tools of building a strong presentation facilitated by an effective Presenter.

- Presentation document essentials
- Do's and don'ts of a presentation
- Enabling presentation through effective communication

12. Public Speaking

Effective communication involves the ability to speak in a group or gathering overcoming the fear. This skill enables the student to build their ability to face their peer group to begin with as well as others in a professional set up in the future.

- The benefits of Public Speaking
- Tools to develop strong public speaking skills
- Overcoming stage fear

13. Reading Skills

The ability to read accurately and in a fast manner makes a huge difference for students to adapt to professional environment as well as their studying skills. Through effective and fast reading, students are able to consume information and provide the necessary outcomes.

- The importance of reading skills
- How to build consistent reading ability
- Barriers and tools to overcome lack of reading

14. Stress Management

Students today operate in the information age which is a double edged sword. On one end they appreciate the opportunities but on the other side face extreme pressure to complete diverse tasks. Their ability to create a balance in early stages facilitates a strong personality.

- The difference between managing stress and eliminating stress
- Tools to effectively manage stress
- Creating strong practices for consistently managing stress
