## 1. The syllabus is revised regularly.

3 responses

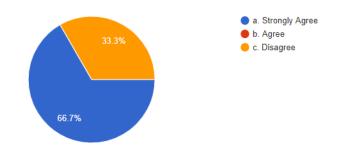

## 2. The syllabus content can be completed in given time effectively.

3 responses

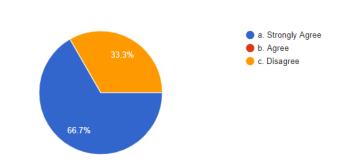

#### 3. Syllabus revised is adequate to make students attain good results.

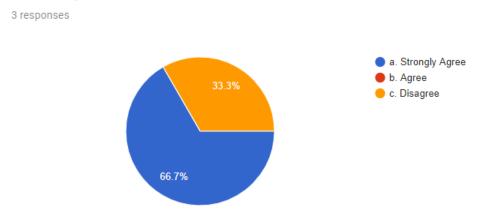

4. The syllabus is competent enough to get present and future job opportunity.

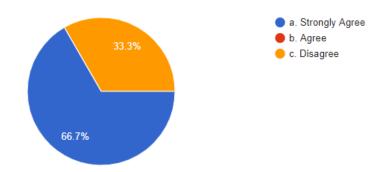

3 responses

5. The syllabus is easily handled by faculties to reflect the same out comes by students.

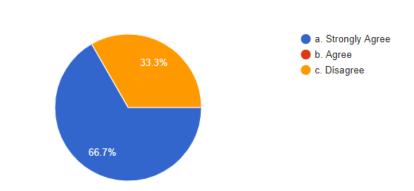

6. The syllabus gives enough opportunities to students to present their innovation.

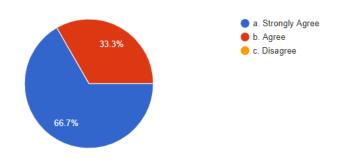

# 7. Happy about the syllabus content in building the next generation engineers.

3 responses

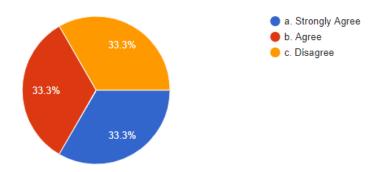

8. The syllabus content even taken care of management, behavioral and social issues like patriotism, environment and so on.

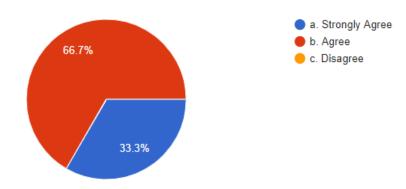

3 responses

## 9. The syllabus is competent enough to international standards.

10. The syllabus content offers sufficient theoretical and practical exposure to the students to attain employment.

## 1. The syllabus is revised regularly.

3 responses

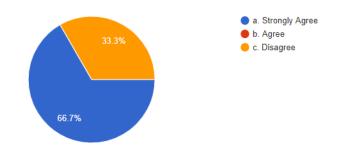

## 2. The syllabus content can be completed in given time effectively.

3 responses

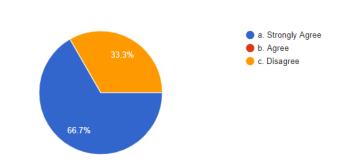

#### 3. Syllabus revised is adequate to make students attain good results.

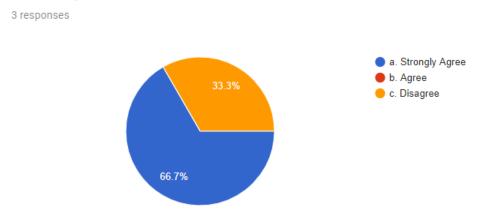

4. The syllabus is competent enough to get present and future job opportunity.

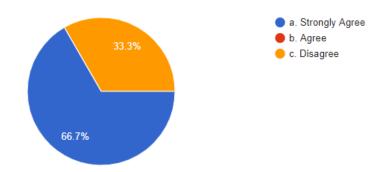

3 responses

5. The syllabus is easily handled by faculties to reflect the same out comes by students.

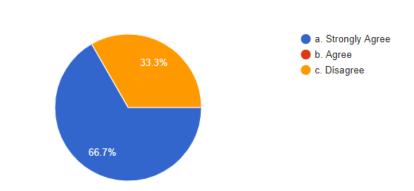

6. The syllabus gives enough opportunities to students to present their innovation.

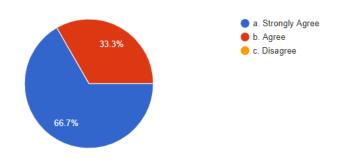

# 7. Happy about the syllabus content in building the next generation engineers.

3 responses

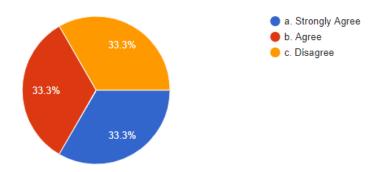

8. The syllabus content even taken care of management, behavioral and social issues like patriotism, environment and so on.

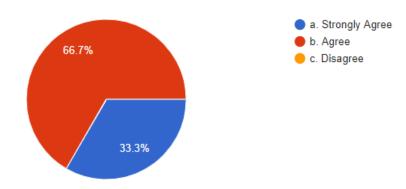

3 responses

## 9. The syllabus is competent enough to international standards.

10. The syllabus content offers sufficient theoretical and practical exposure to the students to attain employment.

Overall responses

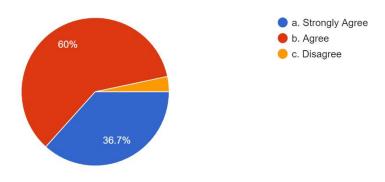

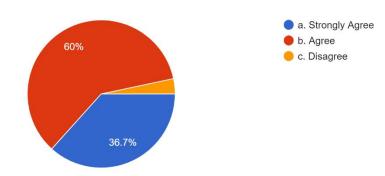

1. The syllabus is revised regularly. 30 responses

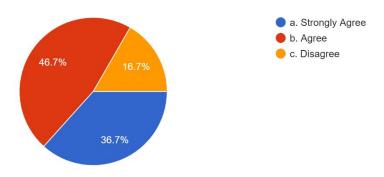

2. The syllabus content can be completed in given time effectively. <sup>30 responses</sup>

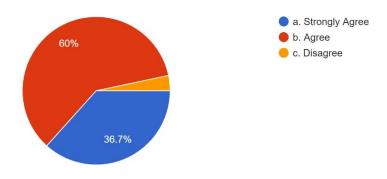

3. Syllabus revised is adequate to make students attain good results. <sup>30</sup> responses

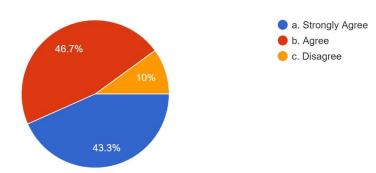

4. The syllabus is competent enough to get present and future job opportunity. <sup>30 responses</sup>

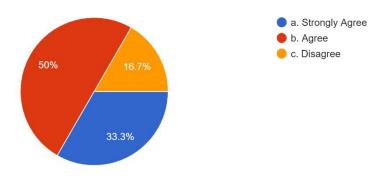

5. The syllabus is easily handled by faculties to reflect the same out comes by students. <sup>30 responses</sup>

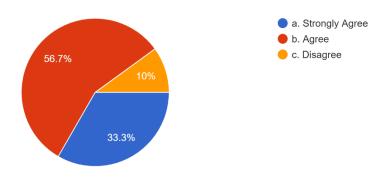

6. The syllabus gives enough opportunities to students to present their innovation. <sup>30 responses</sup>

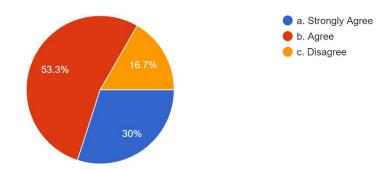

7. Happy about the syllabus content in building the next generation engineers. 30 responses

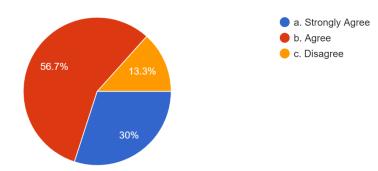

8. The syllabus content even taken care of management, behavioral and social issues like patriotism, environment and so on. <sup>30 responses</sup>

9. The syllabus is competent enough to international standards. 30 responses

10. The syllabus content offers sufficient theoretical and practical exposure to the students to attain employment. 30 responses

# 1. The syllabus is revised regularly.

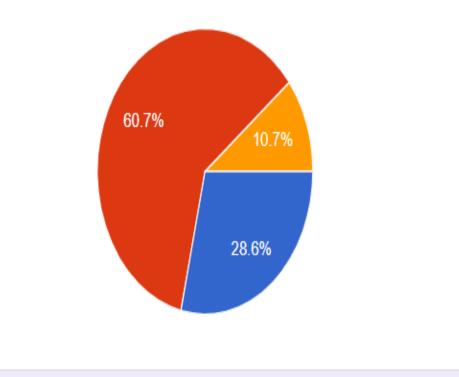

# 4. The syllabus is competent enough to get present and future job opportunity.

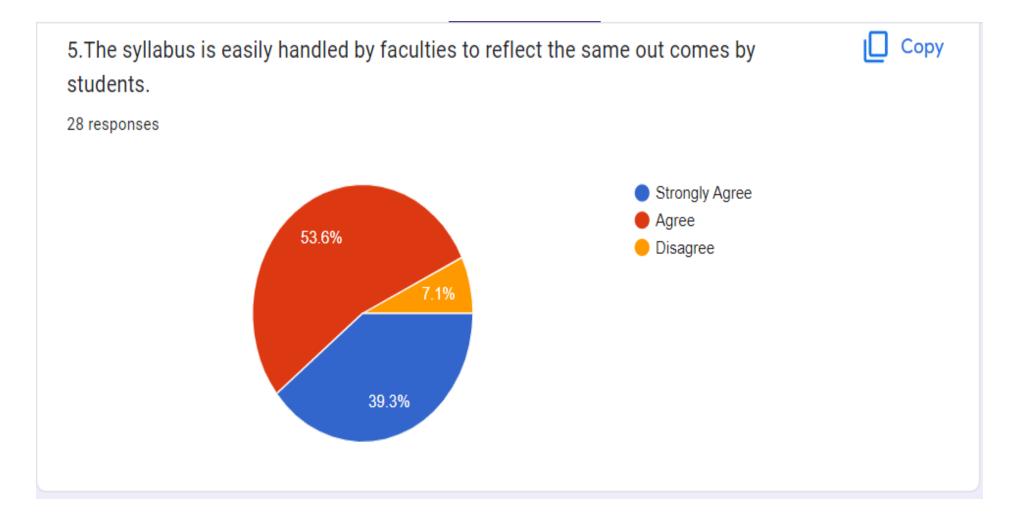

Strongly Agree

Agree

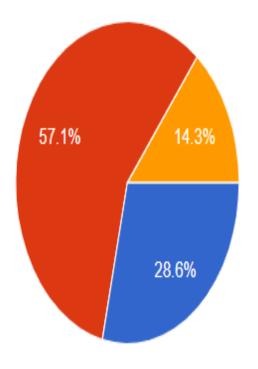

Disagree

6. The syllabus gives enough opportunities to students to present their innovation.

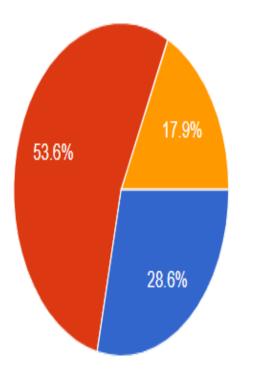

7.Happy about the syllabus content in building the next generation engineers.

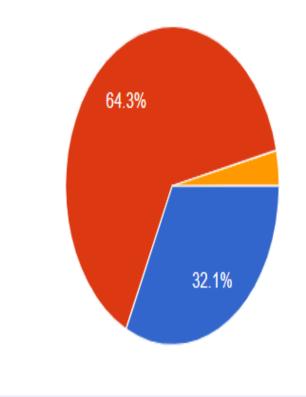

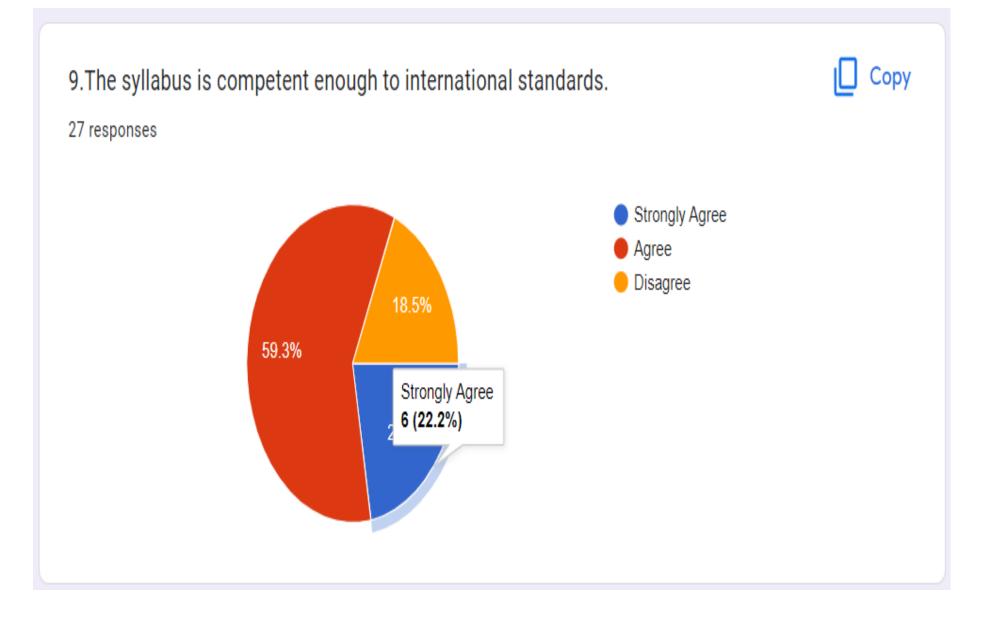

8. The syllabus content even taken care of management, behavioral and social issues like patriotism, environment and so on.

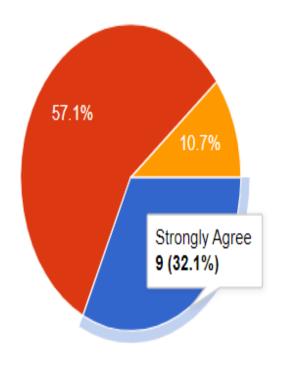

10. The syllabus content offers sufficient theoretical and practical exposure to the students to attain employment.

# **K. S. INSTITUTE OF TECHNOLOGY**

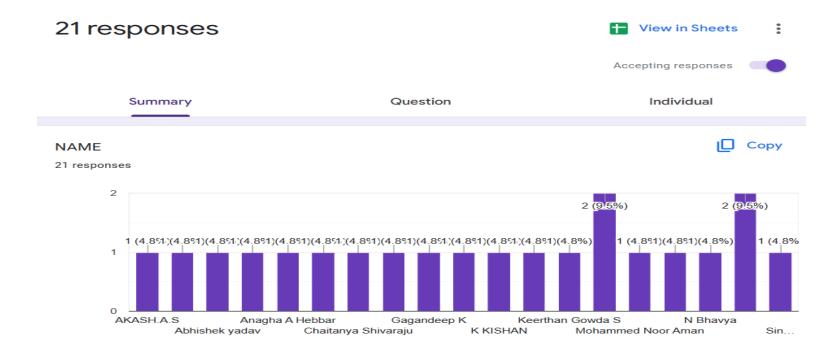

#14, Raghuvanahalli, Kanakapura Main Road, Bengaluru-5600109

# The Syllabus is revised regularly. 21 responses

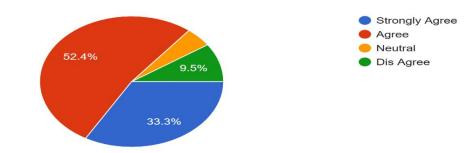

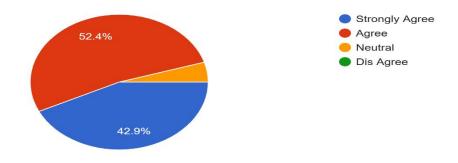

Syllabus revised is adequate to make students attain good results. 21 responses

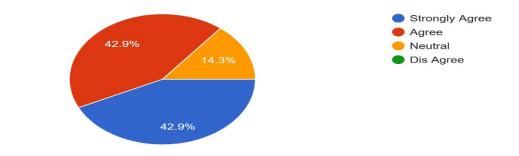

The syllabus is competent enough to get present and future job opportunity. 21 responses

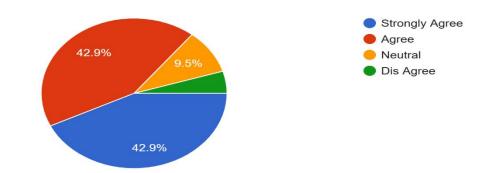

The Syllabus is easily handled by faculty to reflect the same outcomes by students. <sup>21</sup> responses

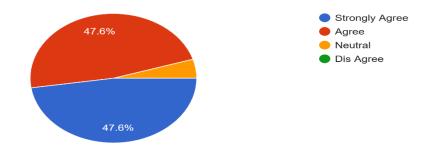

The syllabus gives enough opportunities to students to present their innovations. <sup>21</sup> responses

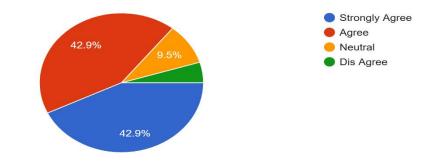

Happy about the syllabus content in building the next generation engineers. 21 responses

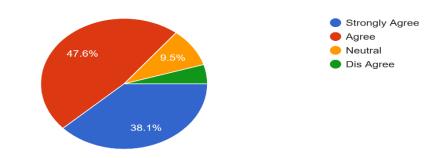

The syllabus content takes care of management, behavioral and social issues like patriotism, environment and so on. 21 responses

The syllabus is competent enough to international standards. 21 responses

The syllabus content offers sufficient theoretical and practical exposure to students to attain employment. 21 responses

### 1. The syllabus is revised regularly.

13 responses

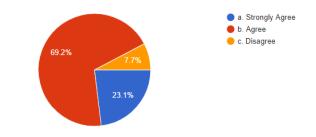

# 2. The given syllabus content can be covered in a stipulated time effectively.

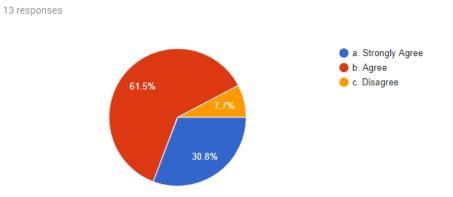

13 responses

3. Whenever syllabus is revised or new subject is introduced adequate training is given to deliver the subject.

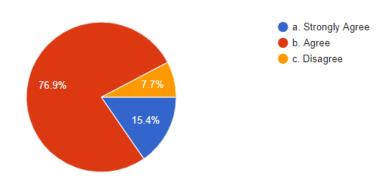

4. Enough care is taken while framing the syllabus to prepare all necessary academic documentation like lesson plan, course outcome and so on.

5. The syllabus content is designed on par with industrial requirements.

13 responses

6. The syllabus is so designed that it has a continuous flow for effective knowledge transfer.

7. The syllabus content even takes care of non-technical and social issues like patriotism, environment and so on.

13 responses

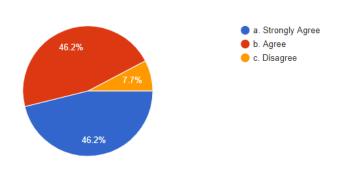

# 8. The syllabus is on par with other universities imparting the technical education.

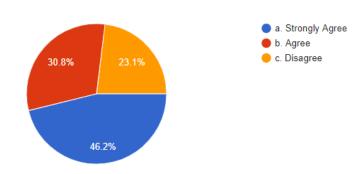

13 responses

9. The syllabus is user friendly to all stake holders to implement.

10. The syllabus content offers sufficient practical exposure to the students.

### 1. The syllabus is revised regularly.

13 responses

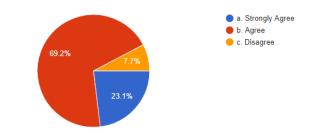

# 2. The given syllabus content can be covered in a stipulated time effectively.

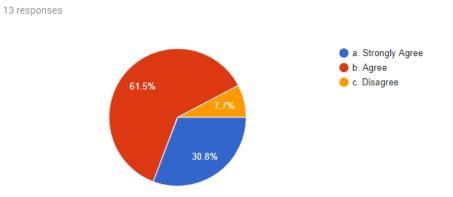

13 responses

3. Whenever syllabus is revised or new subject is introduced adequate training is given to deliver the subject.

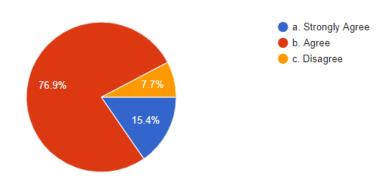

4. Enough care is taken while framing the syllabus to prepare all necessary academic documentation like lesson plan, course outcome and so on.

5. The syllabus content is designed on par with industrial requirements.

13 responses

6. The syllabus is so designed that it has a continuous flow for effective knowledge transfer.

7. The syllabus content even takes care of non-technical and social issues like patriotism, environment and so on.

13 responses

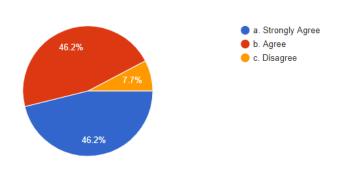

# 8. The syllabus is on par with other universities imparting the technical education.

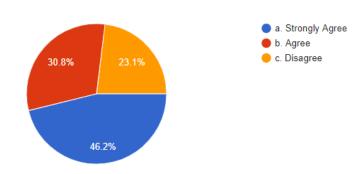

13 responses

9. The syllabus is user friendly to all stake holders to implement.

10. The syllabus content offers sufficient practical exposure to the students.

#### **Overall responses**

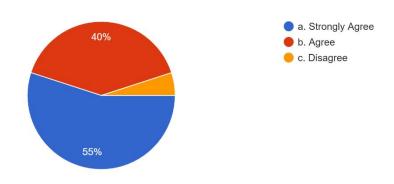

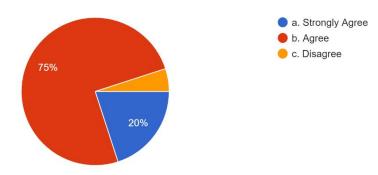

1. The syllabus is revised regularly.

20 responses

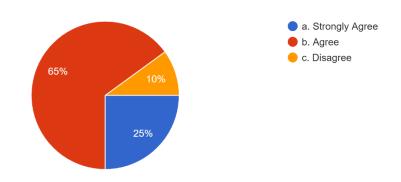

2. The given syllabus content can be covered in a stipulated time effectively. 20 responses

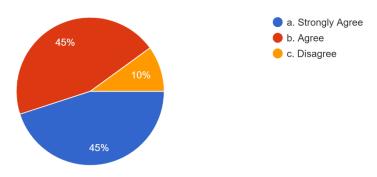

3. Whenever syllabus is revised or new subject is introduced adequate training is given to deliver the subject.

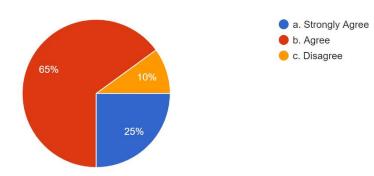

20 responses

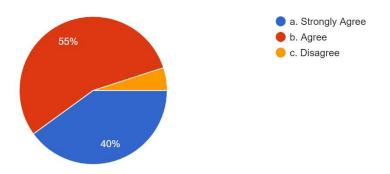

4. Enough care is taken while framing the syllabus to prepare all necessary academic documentation like lesson plan, course outcome and so on. 20 responses

5. The syllabus content is designed on par with industrial requirements. 20 responses

6. The syllabus is so designed that it has a continuous flow for effective knowledge transfer. 20 responses

7. The syllabus content even takes care of non-technical and social issues like patriotism, environment and so on.

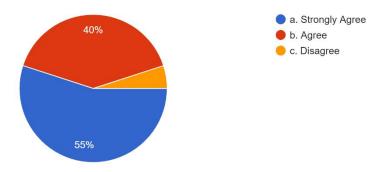

20 responses

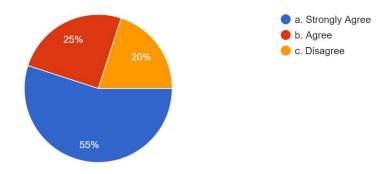

8. The syllabus is on par with other universities imparting the technical education. 20 responses

9. The syllabus is user friendly to all stake holders to implement. 20 responses

10. The syllabus content offers sufficient practical exposure to the students. 20 responses

#### Overall responses

#### Designation

20 responses

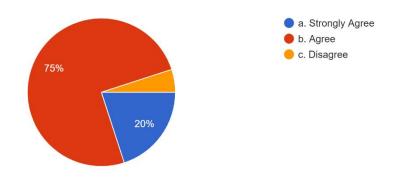

1. The syllabus is revised regularly.

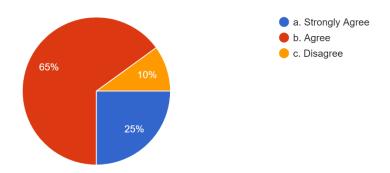

2. The given syllabus content can be covered in a stipulated time effectively.

20 responses

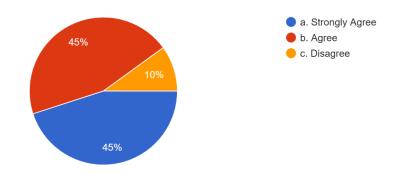

3. Whenever syllabus is revised or new subject is introduced adequate training is given to deliver the subject.

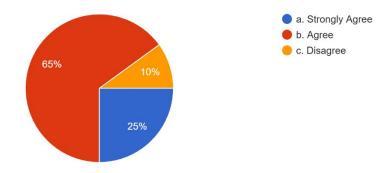

4. Enough care is taken while framing the syllabus to prepare all necessary academic

documentation like lesson plan, course outcome and so on.

20 responses

5. The syllabus content is designed on par with industrial requirements. 20 responses

6. The syllabus is so designed that it has a continuous flow for effective knowledge transfer.

20 responses

7. The syllabus content even takes care of non-technical and social issues like patriotism, environment and so on.

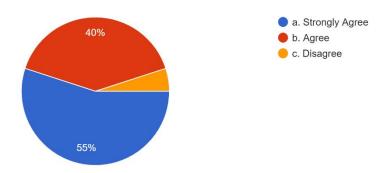

8. The syllabus is on par with other universities imparting the technical education.

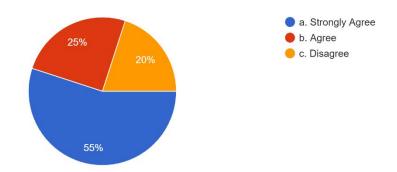

20 responses

9. The syllabus is user friendly to all stake holders to implement. 20 responses

10. The syllabus content offers sufficient practical exposure to the students.

#### Semester

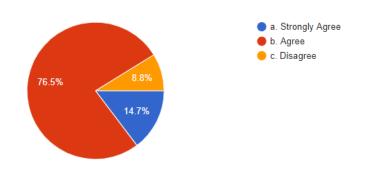

### 1. The syllabus is revised regularly.

68 responses

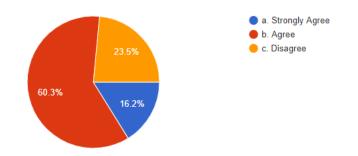

2. The essential engineering requirements are updated in the syllabus.

68 responses

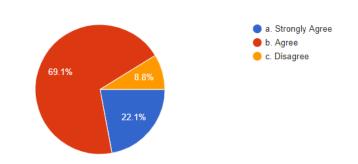

3. The contents of the syllabus are easy to learn within set time period.

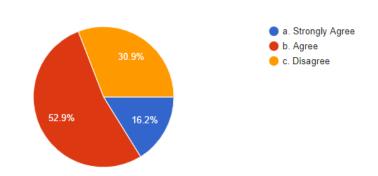

4. The electives are offered on your choice.

68 responses

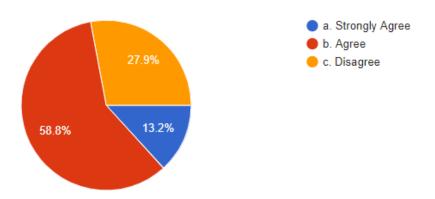

## 5. The content of syllabus is sufficient to get job.

68 responses

# 6. The syllabus is designed to give practical exposure.

7. The syllabus is helpful to work on internship and projects.

68 responses

# 8. The syllabus is designed in correlation between learning objectives and content mentioned.

68 responses

9. The Curriculum evaluation methods are adequate to reflect your learning.

10. The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum.

# #14, Raghuvanahalli, Kanakapura Main Road, Bengaluru-5600109

# DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Student's feedback form on curriculum for design and review of syllabus of A.Y 2019-2020

#### Semester

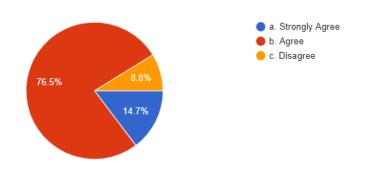

## 1. The syllabus is revised regularly.

68 responses

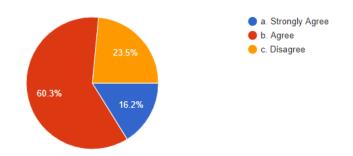

## 2. The essential engineering requirements are updated in the syllabus.

68 responses

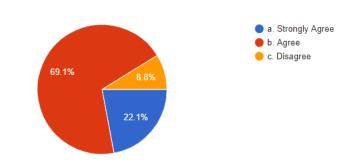

#### 3. The contents of the syllabus are easy to learn within set time period.

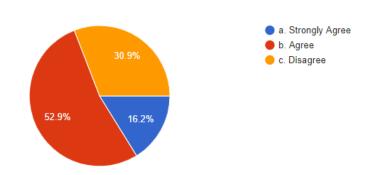

4. The electives are offered on your choice.

68 responses

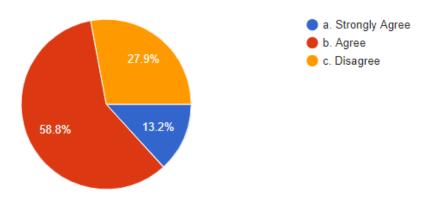

## 5. The content of syllabus is sufficient to get job.

68 responses

# 6. The syllabus is designed to give practical exposure.

7. The syllabus is helpful to work on internship and projects.

68 responses

# 8. The syllabus is designed in correlation between learning objectives and content mentioned.

68 responses

9. The Curriculum evaluation methods are adequate to reflect your learning.

10. The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum.

#14, Raghuvanahalli, Kanakapura Main Road, Bengaluru-5600109

# DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Student's feedback form on curriculum for design and review of syllabus of A.Y 2020-2021

## Overall responses

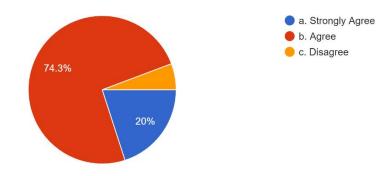

Semester 210 responses

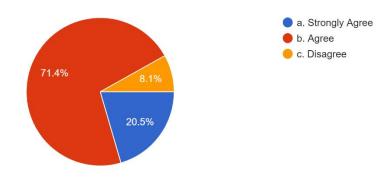

1. The syllabus is revised regularly.

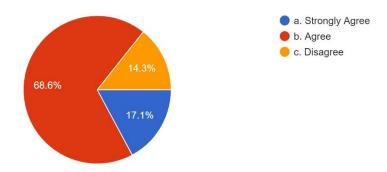

210 responses

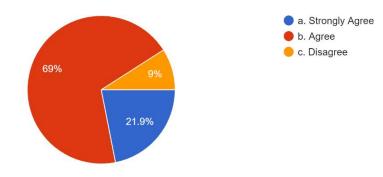

2. The essential engineering requirements are updated in the syllabus. 210 responses

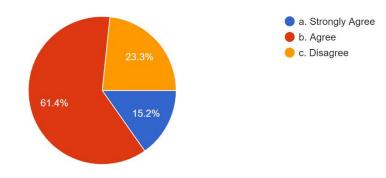

3. The contents of the syllabus are easy to learn within set time period. 210 responses

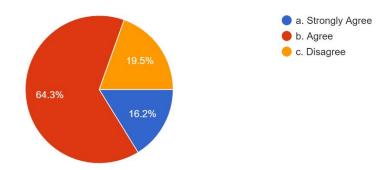

4. The electives are offered on your choice. 210 responses

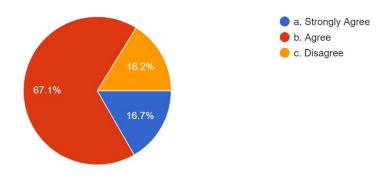

5. The content of syllabus is sufficient to get job. 210 responses

6. The syllabus is designed to give practical exposure. 210 responses

7. The syllabus is helpful to work on internship and projects. 210 responses

8. The syllabus is designed in correlation between learning objectives and content mentioned. 210 responses

9. The Curriculum evaluation methods are adequate to reflect your learning. 210 responses

10. The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum. 210 responses

The Syllabus is revised regularly.

41 responses

The essential engineering requirements are updated in the syllabus 41 responses

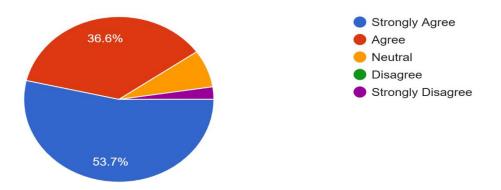

The contents of the syllabus are easy to learn within set time period. 41 responses

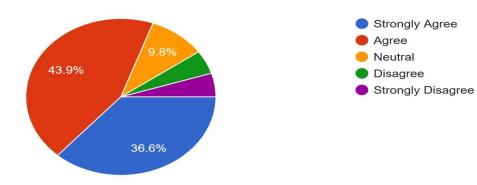

The electives are offered on your choice.

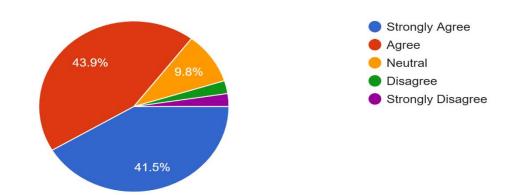

#### 41 responses

The contents of the syllabus are sufficient to get job. 41 responses

The syllabus are designed to give practical exposure. 41 responses

The syllabus is helpful to work on internships and projects.

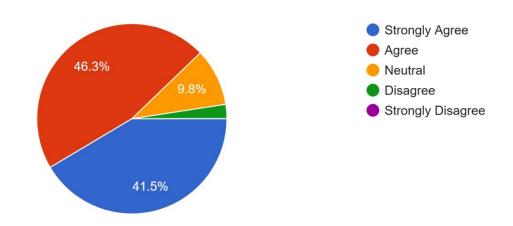

### 41 responses

The syllabus is designed in correlation between learning objectives and contents mentioned. 41 responses

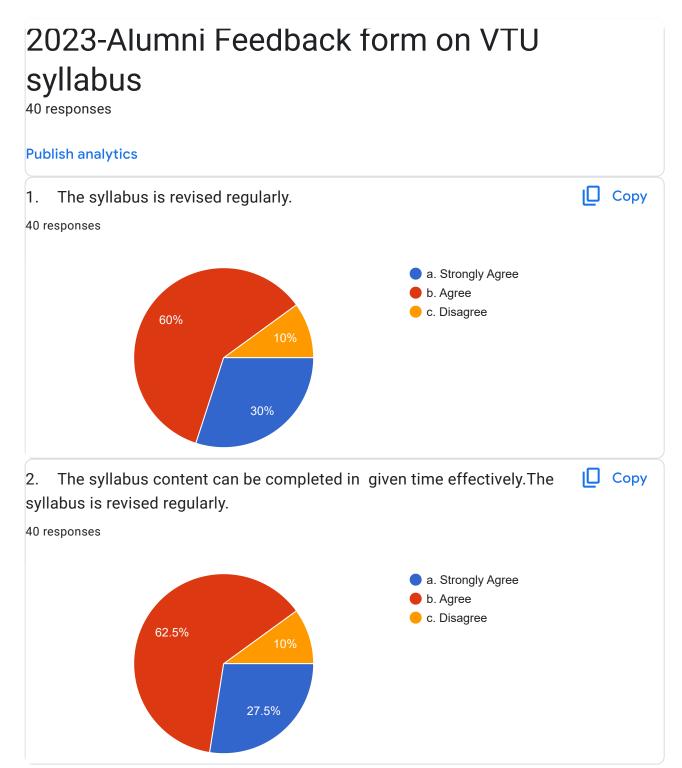

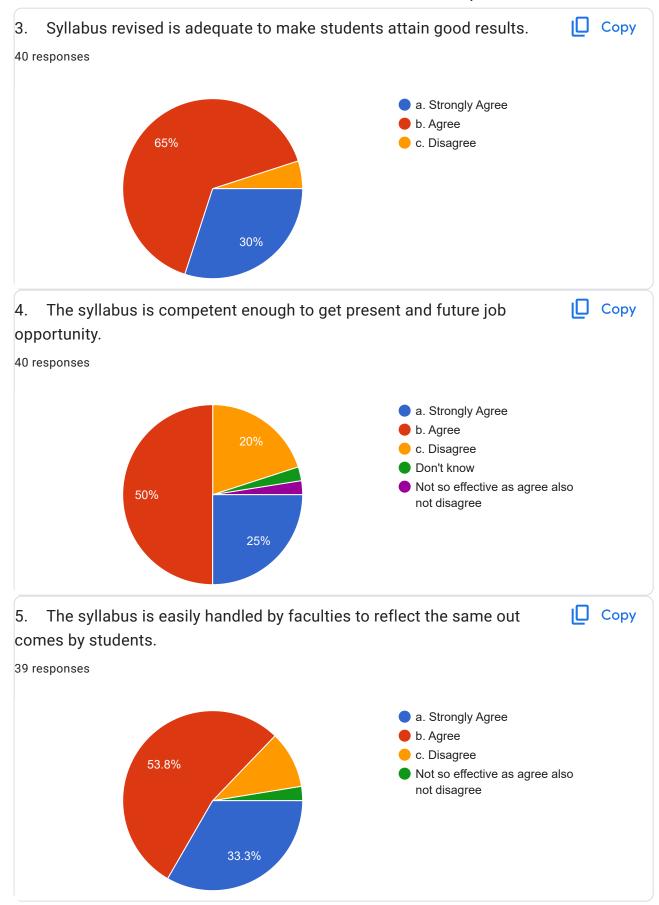

The curriculum evaluation methods are adequate to reflect your learning. 41 responses

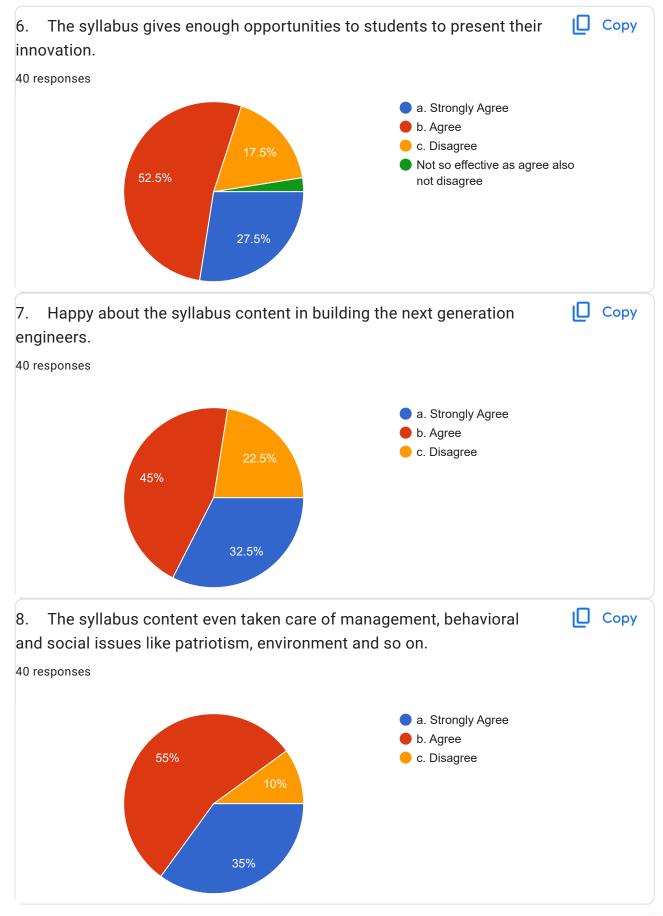

The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum.

2. The syllabus content can be completed in given time effectively. The syllabus is revised regularly.

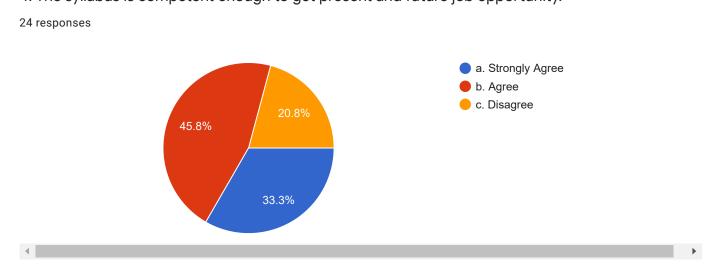

3. Syllabus revised is adequate to make students attain good results.

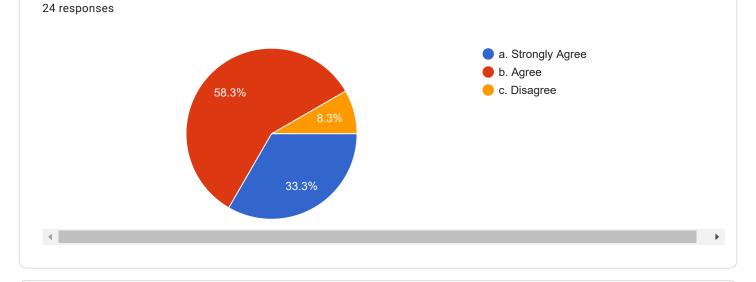

24 responses

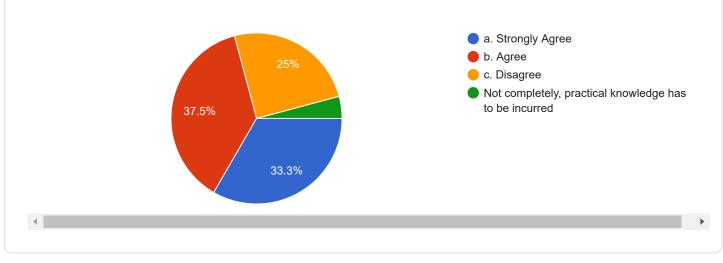

### 4. The syllabus is competent enough to get present and future job opportunity.

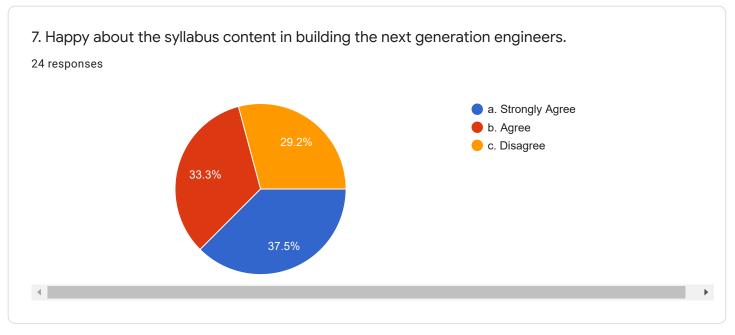

## 5. The syllabus is easily handled by faculties to reflect the same out comes by students.

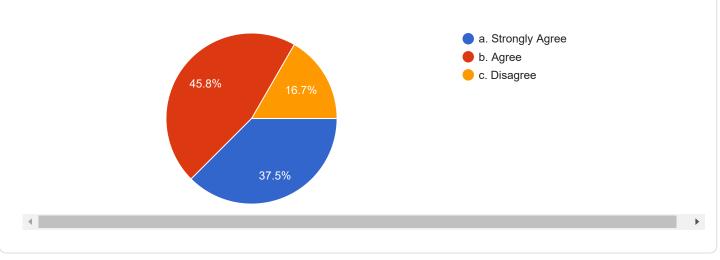

# 6. The syllabus gives enough opportunities to students to present their innovation.

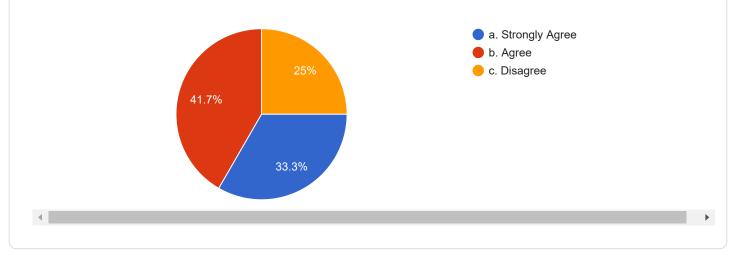

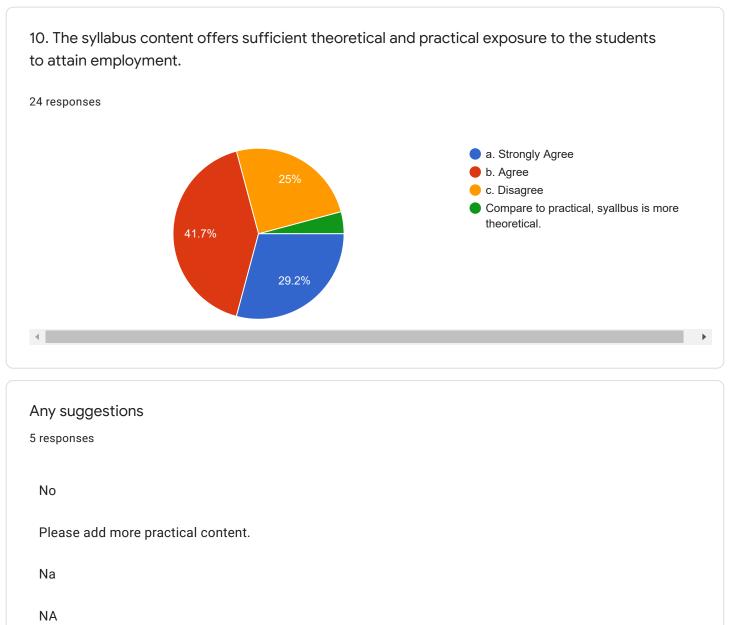

8. The syllabus content even taken care of management, behavioral and social issues like patriotism, environment and so on.

9. The syllabus is competent enough to international standards.

24 responses

Instead of assignments please do consider seminars, pick and speak on subject topic, small chalk and talk tasks and quiz ect assignments questions play major in scoring marks but most of them copy the same written script which is time consuming.

20 responses

9. The syllabus is competent enough to international standards.

### Suggestions, if any

1 response

More practical concepts are needed and time to reflect upon the theoretical concepts is required. Instead of written assignments mini projects and practical experimentation needs to be encouraged.

#### 1. The Syllabus is revised regularly

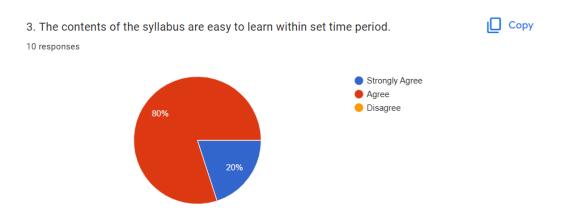

Сору

#### 2. The essential engineering requirements are updated in the syllabus

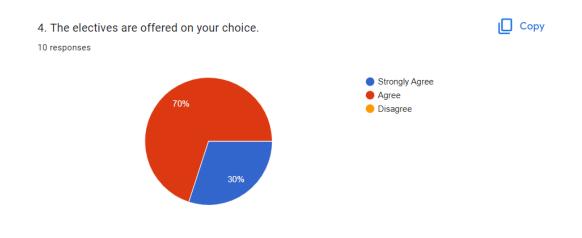

#### 3. The contents of the syllabus are easy to learn within set time period

#### 4. The electives are offered on your choice

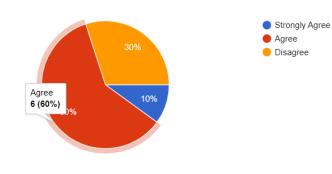

Сору

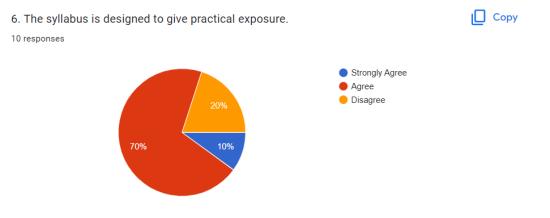

#### 5. The contents of the syllabus are sufficient to get job

5. The content of syllabus is sufficient to get job.

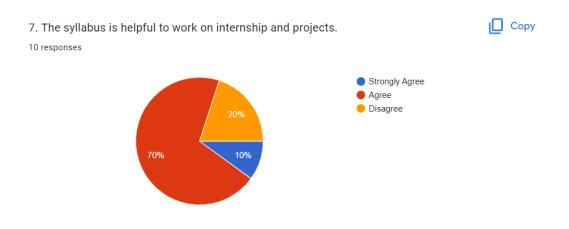

10 responses

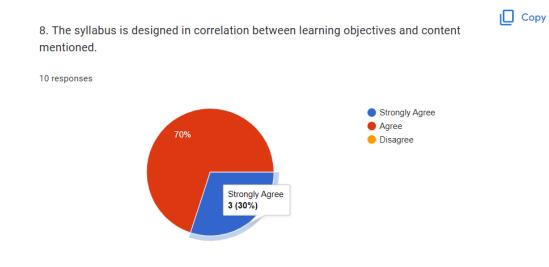

#### 6. The syllabus are designed to give practical exposure

#### 7. The syllabus is helpful to work on internships and projects

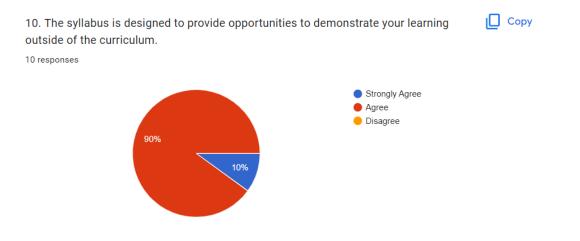

#### 8. The syllabus is designed in correlation between learning objectives and contents mentioned

#### 9. The curriculum evaluation methods are adequate to reflect your learning

#### 10. The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum

#### 1. The Syllabus is revised regularly

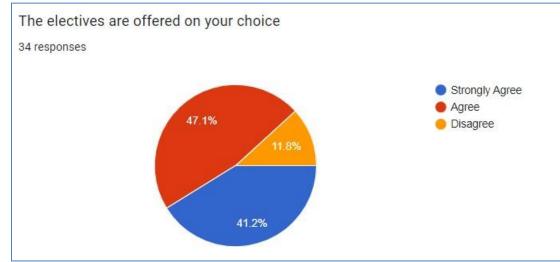

#### 2. The essential engineering requirements are updated in the syllabus

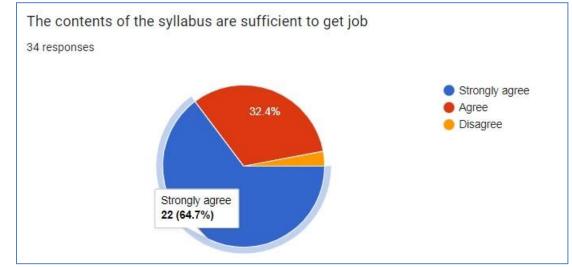

#### 3. The contents of the syllabus are easy to learn within set time period

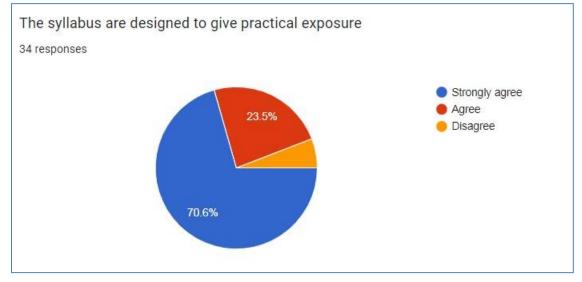

#### 4. The electives are offered on your choice

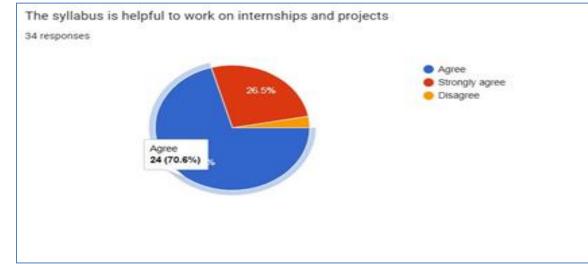

### 5. The contents of the syllabus are sufficient to get job

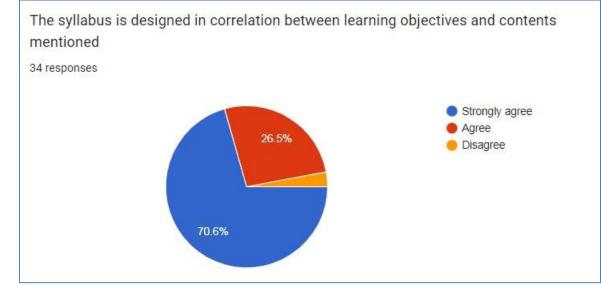

#### 6. The syllabus are designed to give practical exposure

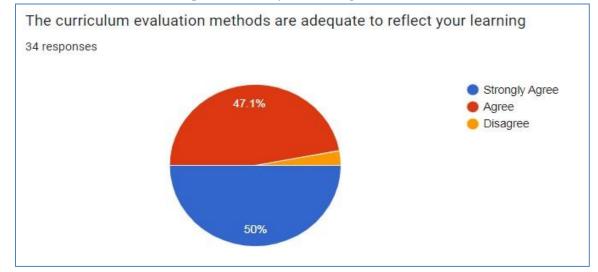

#### 7. The syllabus is helpful to work on internships and projects

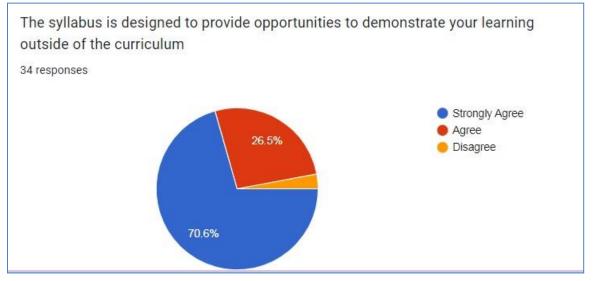

8. The syllabus is designed in correlation between learning objectives and contents mentioned

### 10. The syllabus is designed to provide opportunities to demonstrate your learning outside of the curriculum

# **K. S. INSTITUTE OF TECHNOLOGY**

#14, Raghuvanahalli, Kanakapura Main Road, Bengaluru-5600109

#### 1. The Syllabus is revised regularly

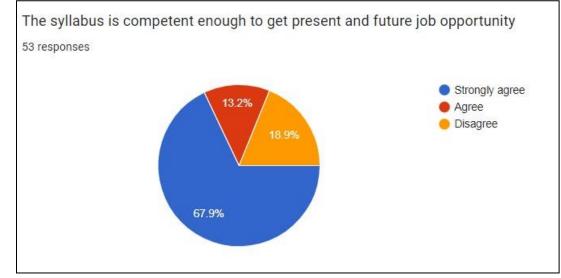

2. The Syllabus Content can be completed in given time effectively

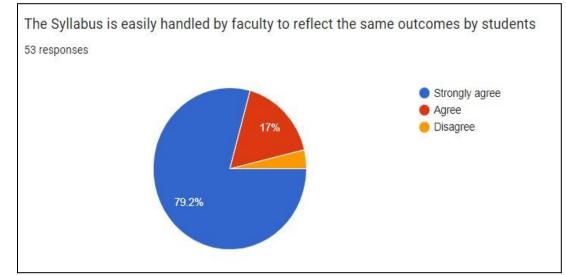

#### 3. Syllabus revised is adequate to make students attain good results

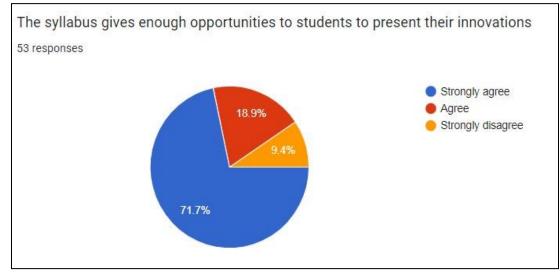

#### 4. The syllabus is competent enough to get present and future job opportunity

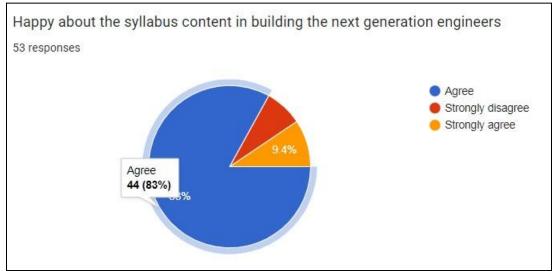

#### 5. The Syllabus is easily handled by faculty to reflect the same outcomes by students

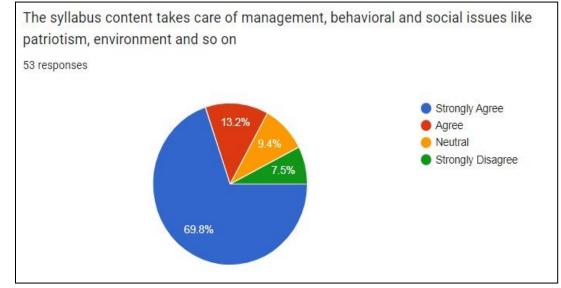

6. The syllabus gives enough opportunities to students to present their innovations

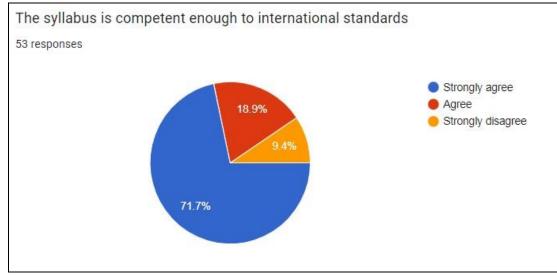

#### 7. Happy about the syllabus content in building the next generation engineers

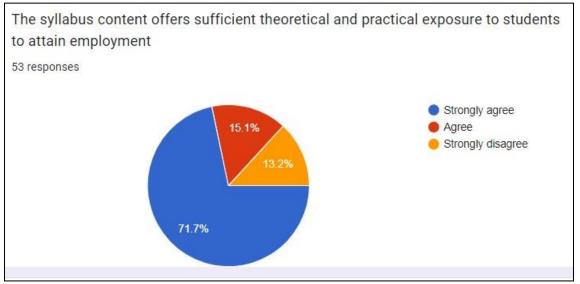

#### 8. The syllabus content takes care of management, behavioural and social issues like patriotism, environment and so on

#### 9. The syllabus is competent enough to international standards

### 10. The syllabus content offers sufficient theoretical and practical exposure to students to attain employment

#### DEPARTMENT OF MECHANICAL ENGINEERING

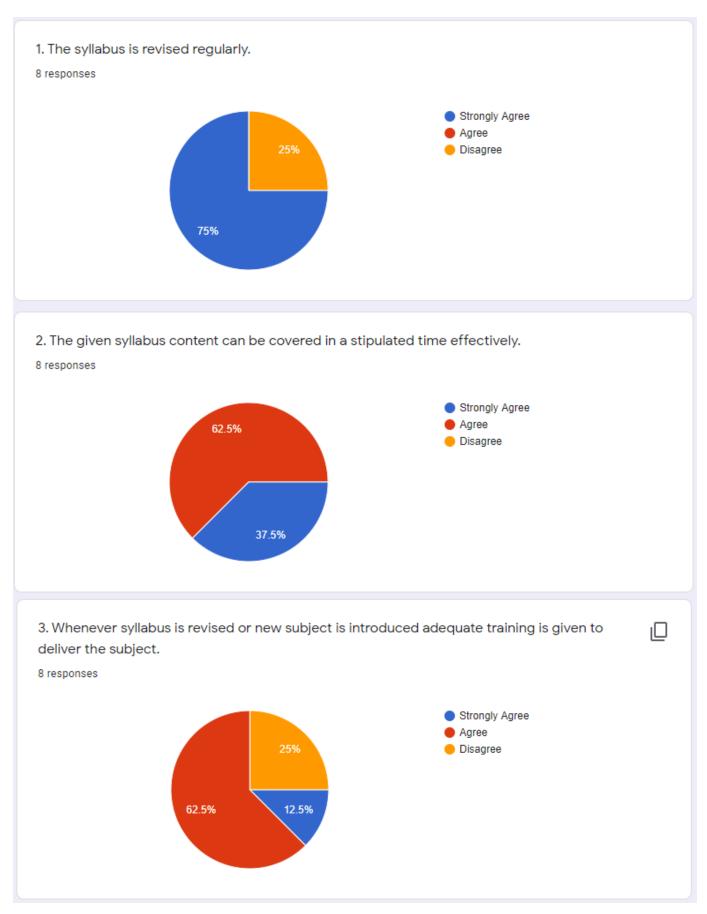

The Teachers feedback form on curriculum for design and review of syllabus semester wise/ year wise

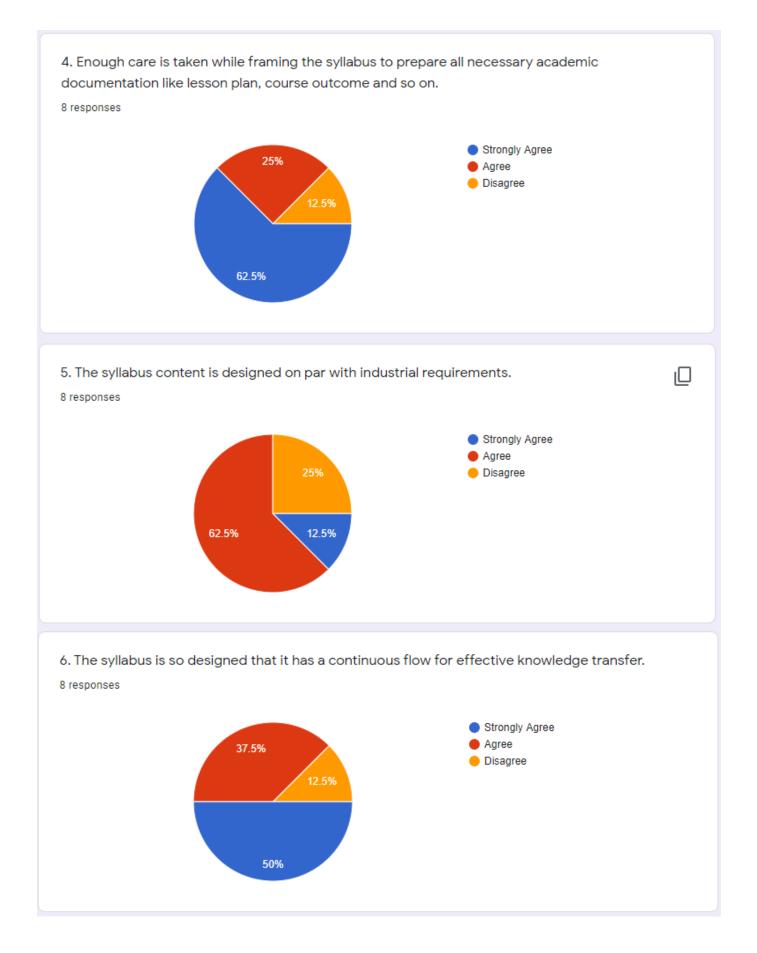

- 1. The syllabus is revised regularly. \*
- Strongly Agree
- 🔵 Agree
- 🔵 Disagree

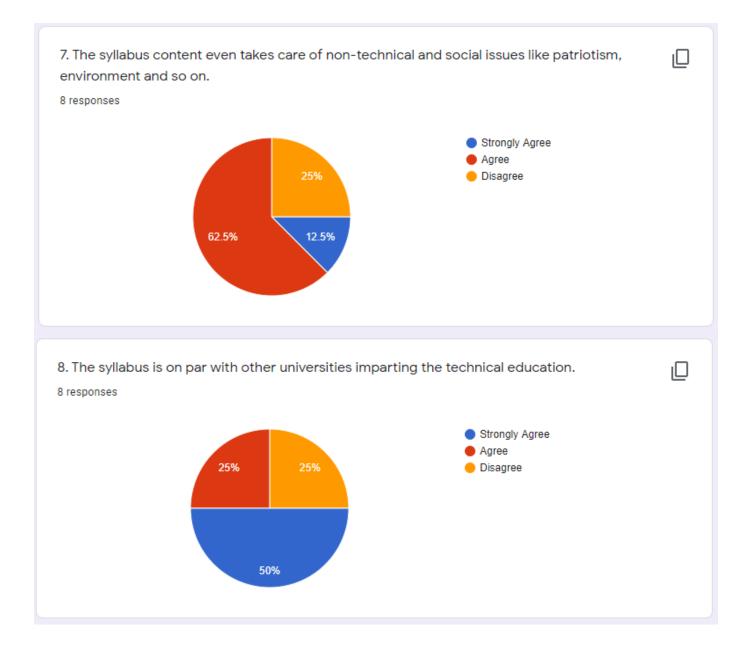

| 2.         | The given syllabus content can be covered in a stipulated time effectively. $^{\star}$                        |   |
|------------|---|---|
| $\bigcirc$ | Strongly Agree  |   |
| $\bigcirc$ | Agree   |   |
| $\bigcirc$ | Disagree  |   |
|            |   |   |
|            |   |   |
| 3.<br>del  | Whenever syllabus is revised or new subject is introduced adequate training is given to<br>liver the subject. | * |
| $\bigcirc$ | Strongly Agree  |   |
| $\bigcirc$ | Agree   |   |
| 0          | Disagree  |   |
|            |   |   |
|            |   |   |

| <ol> <li>Enough care is taken while framing the syllabus to prepare all necessary academic * documentation like lesson plan, course outcome and so on.</li> </ol> |
|---|
| O Strongly Agree  |
| O Agree   |
| O Disagree  |
| 5. The syllabus content is designed on par with industrial requirements. *  |
| Strongly Agree  |
| O Agree   |
| O Disagree  |
| 6. The syllabus is so designed that it has a continuous flow for effective knowledge transfer. *  |
| Strongly Agree  |
| O Agree   |
| O Disagree  |
|   |
| <ol> <li>The syllabus content even takes care of non-technical and social issues like patriotism, * environment and so on.</li> </ol>                             |
| O Strongly Agree  |
| O Agree   |
| O Disagree  |

| 8. The syllabus is on par with other universities imparting the technical education. $^{\star}$ |
|---|
| Strongly Agree  |
| O Agree   |
| O Disagree  |
|   |
| 9. The syllabus is user friendly to all stake holders to implement. *                           |
| Strongly Agree  |
| O Agree   |
| O Disagree  |
|   |
| :::<br>10. The syllabus content offers sufficient practical exposure to the students. *         |
| Strongly Agree  |
|   |
| O Agree   |
| O Disagree  |
|   |

> Subject: Feedback on syllabus of 1<sup>st</sup> and 2<sup>nd</sup> Semester (2022 Scheme), VTU Notification VTU/BGM/BOS/2023/6557 Dated 2<sup>sd</sup> February 2023

As per the VTU Notification VTU/BGM/BOS/2023/6557 Dated 2<sup>nd</sup> February 2023, please note down the following feedback & suggestions after going through 2022 draft scheme of BE/BTECH I/II Semester and syllabus and also regulations governing the same.

Feedback and Suggestions given by:

### 1. Dr Rekha B Venkatapur, Professor and Head CSE

- It is a good initiative to give options for students to select courses under 3 categories (ESC-I) Engineering Science Courses-I (ETC-I) Emerging Technology Courses-I and (PLC-I) Programming Language Courses-I
- In place of 22PLC15D Introduction to C++ Programming, Fundamentals of R Programming can be added
- 22POP13/23 Principles of Programming in C can be made as a mandatory course either in odd or in even semester for all streams as basic programming skills are needed for any stream students & usually when companies visit for campus selection /hiring they expect basic programming skills in C language.
- Instead of different number of Course Outcomes (Ex- In Course 22MATS11 Mathematics-I for Computer Science and Engineering stream there are 5 COs defined where as in 22PLC15A/22PLC25 A Introduction to Web Programming there are only 4 COs, commonly 5 COs can be defined in all courses.
- In most of the courses the Course title starts with "Introduction to ....." instead of that the basic course title can be reframed as "Fundamentals of ....."

#### 2. Dr. Prashanth H S, Professor, Computer Science and Engineering Few thoughts about the syllabus for 1st year CSE Branch

- In the assessment methodology for the Emerging course, 50% weightage should be given for report making (Literature survey) and 50% for IA (CIE: Report making + IA)
- Laboratory course for mathematics course (both 1st and 2nd semester) may be handled by respective engineering department to highlight or connect mathematical experiment with application or courses they will be learning in their higher semester

#### Dear Sir/Madam,

On behall of the Members of BoS, I thank all the the professors who took the time to provide input on the draft schemes for Computer Science and its related programmes. On July 5th, 2023, a BoS Meeting was held to review the feedback. Valid ideas were evaluated, and the schemes were changed accordingly. Kindly find the action taken report.

Thanking You With Best Regards

Dr. Sanjay H A Professor & Head Department of Information Science and Engg. M S Ramaiah Institute of Technology Bangalore - S60054. Ph-9342560303

Respected Sir,

Please go through the attachment in which our college feedback and remarks are recorded. It will be helpful for NBA/NAAC as authentic document for Criteria 1 and 2 (Teaching learning Process in NBA/NAAC)

Thanks and Regards

Dr. REKHA B VENKATAPUR Professor & Head Dept. of Computer Science and Engineering K.S. Institute of Technology, Bengaluru - 560109 Member, BOS-CSE/ISE, VTU (2019-22), Belgaum Contact Number : 9740295819

VISION :

"To create competent professionals in Computer Science and Engineering with adequate skills to drive the IT industry".

|                 |     |                 |                 |  | equivalent to 2 credits                  |
| RRIT            | ISE | 3rd             | Data structures | This subject includes a greater number of                                | We are unable to add additional hours    |
|                 |     |                 | using           | applications like Stacks, Queues. Linked list,                           | due to credit constraints.               |
|                 |     |                 | C/C++(BIS304    | graphs, trees etc.   | The content will be tailored to last 42  |
|                 |     |                 | ):              | So I request to allot 4 hrs/week instead of 3                            | hours.                                   |
|                 |     |                 |                 | hrs/week only.   |  |
|                 |     |                 |                 | So that the teacher can effectively teach in details                     |  |
|                 |     |                 |                 | and students can learn the fundamentals and                              |  |
|                 |     |                 |                 | applications effectively and also, they can involve                      |  |
|                 |     |                 |                 | in writing algorithms and research activities.                           |  |
| RRIT            | ISE | 3rd             | AEC(BIS358x     | The allotted teaching hour is only one hour for all                      | Contents will be designed for 14 hours   |
|                 |     |                 | )               | the theory subjects. Since this subject syllabus is                      |  |
|                 |     |                 |                 | like other core subjects, I personally feel it would                     |  |
|                 |     |                 |                 | be better if you allot atleast 3 teaching hours.                         |  |

| RRIT        | ISE | 4th | Advanced       | I suggest to add separate laboratory for this subject | Advanced Java is an integrated course.    |
|-------------|-----|-----|----------------|---|---|
|             |     |     | JAVA           | to improve the practical knowledge of the students    |   |
|             |     |     | (BIS402)       | in this subject.                                      |   |
| Canara      | CSE | 3rd | BCS302         | This course can be split into two                     | We have combined the courses due to       |
| Engineering |     |     | (Digital       | courses: Computer Organization, which can be          | credit constraints.Workload will be       |
| College     |     |     | Design &       | introduced as a Professional Core Course (PCC),       | addressed when developing the contents.   |
|             |     |     | Computer       | and Digital Design, which can be enlisted as an       |   |
|             |     |     | Organization): | Ability Enhancement Course (AEC).                     |   |
| Canara      | CSE | 3rd | BCS306x:       | Currently, only two courses have been introduced      | The goal is to study OOP concepts using   |
| Engineering |     |     |                | under the ESC/ETC/PLC category. However, we           | either Java or C++.                       |
| College     |     |     |                | would like to have more options for the students by   |   |
|             |     |     |                | expanding the course offerings in this category.      |   |
| Canara      | CSE | 4th | BCS402         | can be enlisted as an Ability Enhancement Course      | Microcontroller is a full pledged subject |
| Engineering |     |     | (Microcontroll | (AEC).  | that all CSE students should take.        |
| College     |     |     | ers)           |   |   |
| Canara      | CSE | 4th | AEC            | Unix Shell and PHP programming can be                 | Unix Shell is a practical component of    |
| Engineering |     |     |                | introduced under the Ability Enhancement              | the OS course. While designing the        |
| College     |     |     |                | Course (AEC).   | syllabus, we will try to add PHP.         |

| Canara      | CSE | 4 <sup>th</sup> | AEC        | HTML and CSS courses can be introduced under         | Part of 1st year course                   |
|-------------|-----|-----------------|------------|--|---|
| Engineering |     |                 |            | the Ability Enhancement Course                       |   |
| College     |     |                 |            |  |   |
| Canara      | CSE | 4 <sup>th</sup> | AEC        | Pandas and Numpy course can be introduced under      | Part of "Data Visualization with Python"  |
| Engineering |     |                 |            | the Ability Enhancement Course.                      |   |
| College     |     |                 |            |  |   |
| Canara      | CSE | 4 <sup>th</sup> | AEC        | BCS456D (Technical writing using LaTeX Lab)          | Students will use the concepts learned in |
| Engineering |     |                 |            | can be incorporated as a component or module         | BCS456D for Mini and Major Projects.      |
| College     |     |                 |            | within the BCS586 (Mini Project) course of the V     |   |
|             |     |                 |            | semester, allowing students to develop their         |   |
|             |     |                 |            | technical writing skills while working on their mini |   |
|             |     |                 |            | projects.  |   |
| Canara      | CSE | 5th             | BCSL504    | BCSL504 (Web Technology Lab) is currently a          | We are unable to provide a separate       |
| Engineering |     |                 | (Web       | laboratory course. We suggest introducing a related  | theoretical course due to credit          |
| College     |     |                 | Technology | theory course to complement the practical aspects    | constraints.                              |
|             |     |                 | Lab)       | of web technology. This will provide students with   |   |
|             |     |                 |            | a comprehensive understanding of the subject by      |   |
|             |     |                 |            | combining theoretical concepts with hands-on         |   |
|             |     |                 |            | practical experience.                                |   |

| Canara      | CSE | 5th             | Mini Project  | In the BCS586 (Mini Project) course, BCS456D       | Students will use the concepts learned in |
|-------------|-----|-----------------|---------------|--|---|
| Engineering |     |                 |               | (Technical writing using LaTeX Lab) can be         | BCS456D for Mini and Major Projects.      |
| College     |     |                 |               | incorporated as one of the components. This will   |   |
|             |     |                 |               | allow students to develop them technical writing   |   |
|             |     |                 |               | skills while simultaneously working on their mini  |   |
|             |     |                 |               | projects.  |   |
| Canara      | CSE | 7th             | BCS657x -     | BCS657x - BCS657 A (Mobile Application             | " Progressive App Development" has        |
| Engineering |     |                 | BCS657 A      | Development): can be introduced using              | been introduce                            |

Others who want to<br>create web-related products, must learn<br>the basics through online resources. |
|--|-----|-----|--------------------------------------|---|--|
| A. J. Institute of<br>Engineering and<br>Technology<br>Mangaluru | ISE | 6th | Mobile<br>Application<br>Development | • Suggested to include Mobile Application<br>Development laborato1y m the curriculum<br>so that students will get better hands of<br>experience.  | Programming assignment for 20 marks  |

| A. J. Institute of<br>Engineering and<br>Technology<br>Mangaluru | ISE |     | Information<br>Assurance and<br>Security/Softw<br>are Testing | • It is recommended to offer the above course  | Software Quality Assurance has been introduced as an elective in 7th Sem.  |
|--|-----|-----|---|--|--|
| A. J. Institute of<br>Engineering and<br>Technology<br>Mangaluru | ISE | 7th | Information<br>and Network<br>Security                        | <ul> <li>Only theory course is included. In the same semester Lab inclusion is suggested so that students will get practical knowledge on implementation data base-concepts.</li> <li>Mini project can be added in 4th Semester</li> </ul> | Not advised due to credit constraints.<br>Programming assignments can be<br>introduced for a 20-markscomponent.<br>Because the basic courses are introduced<br>up to the fourth semester, it is preferable<br>to keep the Mini Project in the fifth<br>semester. |
| A. J. Institute of<br>Engineering and<br>Technology<br>Mangaluru | ISE | 7th | Big Data<br>Analytics   | • Data Analytics practical approach can be added.  | Not advised due to credit constraints.<br>Programming assignment for 20 marks<br>can be introduced.  |

| A. J. Institute of<br>Engineering and<br>Technology<br>Mangaluru | ISE | 8th | NPTEL | <ul> <li>include the basic practical experiments along with theory.</li> <li>To List the course, such that students should be the Employer then employee. More options can be provided to choose from different online platforms.</li> <li>Clarification regarding mentioning of a 3 hours' theory lecture for NPTEL course.</li> </ul> | Noted,<br>No of credits is 3, so students should<br>spend 3 Hours per Week on the courses<br>opted. |
|--|-----|-----|-------|---|---|
| KLE Institute of<br>Technology                                   | CSE | 3rd |       | "Statistics" can be added as a core subject for CS graduates, as it is fundamental in many concepts. It can be used at BCS301   | Statistics is a part of Mathematics course  |

| KLE Institute of<br>Technology | CSE | 3rd                      | ESC/ETC/PLC   | a. At 3rd sem: Discrete Mathematical Structures,<br>Number theory, Fundamentals of Wireless<br>Communication, Analog and Power<br>Electronics, Material Science   | Intention is in 3rd sem , we want the<br>students to get the flavor of OOPS<br>concept and in 4th sem, Mathematical<br>concept required for CSE. |
|--------------------------------|-----|--------------------------|---------------|---|--|
|                                |     |                          |               | b. At 4th Sem: Graph Theory, Matrix<br>Computation, VLSI Design, Introduction to<br>Automation, Earth, water, and Agriculture Science.  |  |
| KLE Institute of<br>Technology | CSE | 6                        | Advanced Java | Instead of Advanced Java (BCS613D) in<br>professional elective we can introduce<br>Evolutionary Computing course. And Advanced<br>JAVA can be used as AEC Course  | Java's market share is around 20%, so it is better to study Java.  |
| KLE Institute of<br>Technology | CSE | 5 <sup>th</sup> &<br>6th | Elective      | Instead of Unix System Programming (BCS515C)<br>and Compiler Design (BCS613C) we can use<br>System Programming and Compiler Design as one<br>course. In this way, we can introduce one more<br>elective at BCS613C. | Combining CD with SP is not<br>recommended. CD is required for the<br>students who are aiming to clear GATE.                                     |

| KLE Institute of<br>Technology | CSE | 5 <sup>th</sup> &<br>6th | Elective              | Instead of Distributed Systems (BCS515D) and<br>Blockchain Technology (BCS613A) we can<br>combine Distributed Computing and Blockchain as<br>one course. And hence we can do one more elective<br>at BCS613A | Not recommended, combining the course will make us to skip important topics.                     |
|--------------------------------|-----|--------------------------|-----------------------|--|--|
| KLE Institute of<br>Technology | CSE | 7th                      | Big Data<br>Analytics | Big Data Analytics (BCS714D) can be made as a core course and Parallel Computing (BCS702)as an Elective course.  | Both the courses are important.<br>Interested students will opt for Big Data<br>Analytics course |
| KLE Institute of<br>Technology | CSE | 7th                      | Elective              | Instead of Soft Computing (BCS714C) any other<br>course can be introduced. Since a good book is not<br>available with this title. Moreover, AI, ML, DL,<br>and Evolutionary computing cover these topics.    | Replaced with "Enterprise Data<br>Warehousing"   |

| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 3rd | Engineering<br>Science<br>Course | <ul> <li>Suggested to add Introduction to Python<br/>Programming.</li> <li>Suggested to Data Visualization with<br/>Phyton under ESC.</li> <li>Suggested to add different domains courses<br/>rather than covering the courses with same domain.</li> </ul> | Intention of BoS is, students should<br>undergo OOPs Concept                     |
|--------------------------------------|-----|-----|----------------------------------|---|--|
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 3rd | Engineering<br>Science<br>Course | •Instead of java theory it is suggested to include<br>OOPS with JAVA Laboratory so that students are<br>able to learn advanced java in the higher semester  | It's a IPCC course .   |
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 4th | AEC                              | • Instead of Ul/UX it is suggested to include<br>some testing tools like POSTMAN with JAVA and<br>PYTHON which is useful to the students when they<br>go to industry.   | Tosca – Automated Software Testing has<br>been introduced in 6 <sup>th</sup> Sem |

| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 4th | Biology for<br>Engineers | All modules of course content should be related to<br>Information technology.  | Yes, will be considered   |
|--------------------------------------|-----|-----|--------------------------|--|---|
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 6th |                          | <ul> <li>Prior to 6th Semester suggested to add any datamining related course.</li> <li>Learning ML without the basic knowledge of data processing will be difficult.</li> </ul>   | Due to credit constraints, we are unable<br>to introduce the Data Mining Course.<br>The first unit will cover the prerequisite<br>for ML. |
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 6th | BIS657A                  | <ul> <li>Suggested to include Mobile Application<br/>Development laboratory in</li> <li>the curriculum so that students will get better hands<br/>on experience.</li> <li>This may help to the students to develop the<br/>android applications which are useful for the<br/>society.</li> </ul> | For 20 Marks component, plan is to<br>introduce Programming assignments   |

| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 7th | Information<br>and Network<br>Security | <ul> <li>Only theory course is included. In the same semester Lab inclusion is suggested so that students will get practical knowledge on implementation data base concepts.</li> <li>Mini project can be added in 4th Semester instead of 5th Semester</li> </ul> | For 20 Marks component, BoS will add<br>programming assignments.<br>5th Sem is better for Mini Project. |
|--------------------------------------|-----|-----|--|--|---|
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 7th | Big Data<br>Analytics                  | <ul> <li>Data analytics practical approach can be added.</li> <li>If the syllabus contents are very introductory levels, then suggested to include the basic practical experiments along with theory.</li> </ul>   | For 20 Marks component, BoS will add<br>programming assignments   |
| RAJEEV<br>INSTITUTE OF<br>TECHNOLOGY | ISE | 8th | NPTEL                                  | More options can be provided to choose from different online platforms.  | Examination system of other platform need to be robust.   |

BoS -Chairman
