Dear Bhargavi,

Thank you for sharing the additional details for the budget request. I have reviewed the information and I am fine with the proposed plan. The Society will support the Student Branch Chapter up to the $500 limit. George will process the funding request.

After the events, you are expected to provide receipts for all expensess in a timely fashion.   For prizes, honorariums, and travel support provided to individuals, please document the event name and date, recipient names, amount awarded to each individual, and member number and submit that information with your expenses. Any continued funding for the following year will be contingent on the Student Branch Chapter having properly submitted receipts for the prior year.

Student Branch Chapters must also write a small summary of the event so that it can be featured in the SPS Newsletter. Let me know if you have any further questions.

Regards,
-Theresa

Dear Bhargavi,

Thank you for sending over the proposal. I looked it over and will need a breakdown of how the funds will be spent per activity. Please note that if honorariums are being considered, they can not be provided to Section/Chapter leadership. Volunteers should not be provided with any form of payment. Let me know if you have any questions.

Funding from SPS is limited to US$500, so please keep that in mind when preparing your budget. I would appreciate it if you could share your banking details for when we are ready to send the funding.

Regards,
-Theresa

Dear Dr. Argiropoulos,
With reference to my earlier mail, I am attaching the detailed budget plan for the year 2023 to avail $500 additional fund for KSIT SPS Student Chapter growth. I hope the plan submitted is in line with your expectations. However requesting you to go through the detailed plan and suggest me if any changes are necessary.
This amount will motivate us to conduct many more events in future.
Thank You
