Positive effects of social media on society

Speaker had mentioned that present era is technological era with internet on finger tip. And social media is a part of day today life with advantages such as

Communication choice – to communicate with friends, family members, business partners, teachers etc social media is first choice now days.

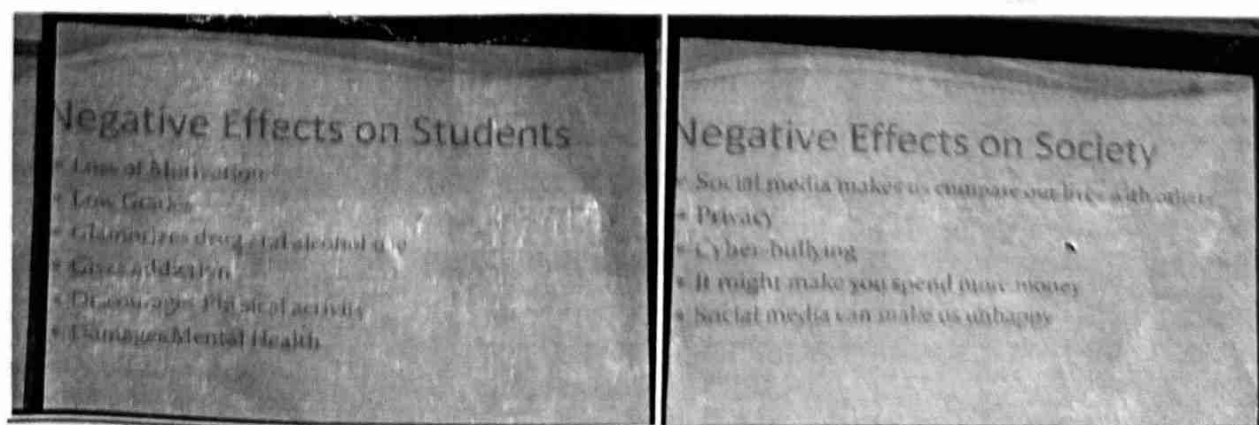

Advertisement of new product can be done on facebook, whatsapp, flicker etc

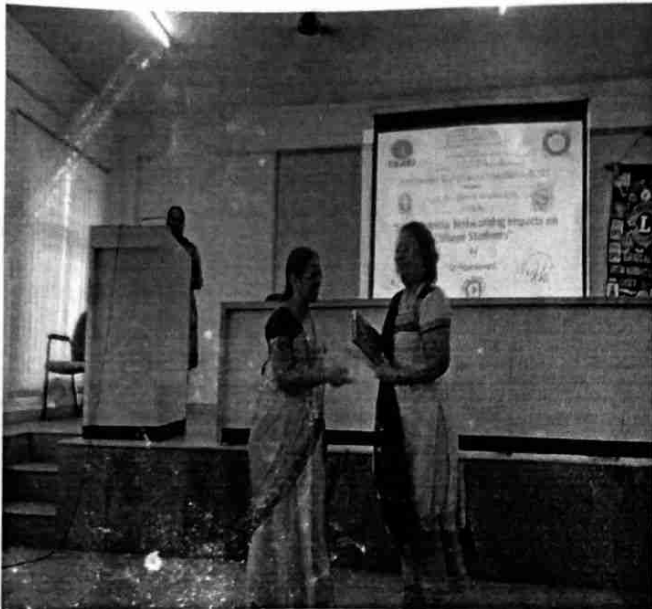

Saving money advertisement of new products on social media business man can save his money. Students and teachers can share the study materials through whatsapp, and immediate contact we establish social medias. Money can also be saved by online shopping of selected items posted in facebook account of seller.

Through social media it is possible get all types news immediately from any part of world. Now days with presence of social media there is no interaction barriers between communication parties.

Similarly other positive effects are Seeking new job, Unleashes potential, Battle depression, Opportunity for writer, Sharing class lecture, Group study, Class information, Building resumes etc.

Negative effects of social media on society

Program outcome
