SENTINEL HACK 4.0
FUTURFORGE

24 HOURS
State Level Hackathon

04th & 05th
May, 2023

KSIT

K. S. Institute of Technology was established in the year 1999 by the Kammavari Sangham with a commitment to provide value based technical education. KSIT is strategically located at No.14 Raghuvanahalli, Kanakapura Main Road, Bengaluru. The institute has modern infrastructure with state-of-the art equipment and laboratory facilities, well qualified faculty and an impressive placement record. The objective of KSIT is to impart quality education to students and enable them to develop the abilities of problem solving, creative thinking and adaptability in their chosen field. KSIT is NAAC accredited.

CSE DEPARTMENT

The Department of Computer Science and Engineering is established in the year 1999 and offers B.E, M.Tech in CSE and also has R & D center for Ph.D scholars. The department is NBA & IEI accredited. It has well qualitative, industry tuned education to students. The infrastructure fulfills and supports learning skills on the latest technology in the industry. Our mission is to develop professionals with social responsibility to become leaders in top-notch industries and also become entrepreneurs with good ethics. It has several active professional bodies memberships like CSI, BITES, ISTE and IEI where students learn to do projects, present technical papers and students work together which imbibes teamwork and leadership qualities. The students won prizes in Hackathons-SIH, Codethaon, Toycathon and presented papers in International Conferences.

SENTINEL HACK 4.0

This 24 hour Hackathon is an initiative taken by the K. S. Institute of Technology, Department of CSE, to inspire the students to pursue their passion towards a technical future. The students can make use of this opportunity to improve their knowledge base in various fields and come up with innovative ideas to solve real world problems through technology. The hackathon focuses on bringing students with similar mind-sets together in order to provide them with a chance to enhance their capabilities and work towards achieving a common goal, centred on an intriguing set of different ideas.

Our Hackathon event, scheduled to take place on **4th and 5th May 2023** at **K.S Institute of Technology**, will bring together talented developers, designers from various institutions across Karnataka. This event is aimed at promoting innovation and creativity by challenging participants to build cutting-edge solutions to real-world problems. With your support, we hope to attract a wide range of participants, across colleges from our state.

AICTE SPICES will be prominently featured in all our event materials, including our website, social media pages, and marketing materials.

Your sponsorship will help cover the costs of catering, prizes, and marketing materials. We are also open to customizing a package to meet your specific needs and budget.

Your contribution will not only support our local tech community but will also help promote innovation and creativity in the region.

We look forward to the opportunity to partner with you in this exciting event.

K.S Institute of Technology,Bengaluru.109

Respected Sir,

I am writing to request your permission to host a **24 hours State level Hackathon(Sentinel Hack 4.0) on 4th and 5th May 2023** at our Institution. As we know, hackathons are events where people come together to collaborate and create innovative solutions to real-world problems.

The hackathon we are planning will be open to other college students and will provide an opportunity for them to work in teams and develop their problem-solving skills. The event will involve participants working on projects related to technology, design, and current trends.

We believe that hosting a hackathon will not only be an excellent learning opportunity for our students but will also promote creativity, critical thinking, and collaboration. In addition, the event will help to raise the profile of our Institution in the wider community.

We understand that hosting such an event require support from the Institution, and I ensure that everything runs smoothly. I believe that this hackathon will be a valuable addition to our college and will contribute to our students' personal and academic development.

Thank you for considering our request. We look forward to your response and the opportunity to host this exciting event.
